Elk Habitat (*UDWR 20060701)

SEASON, VALUE

- summer, crucial
- winter, crucial
- winter/spring, crucial
- Winter Trailhead
- Nordic Trailhead
- Other Ownership

*This dataset was developed by the Utah Division of Wildlife Resources. It represents Rocky Mountain Elk use areas in Utah as determined by wildlife biologists during 2001. In May 2006 the dataset was converted from a Critical, High, Substantial and Limited value system to a Crucial/Substantial value system. This data was developed for use at the 1:100,000 scale.
