2000

you people don't have a clue
what's really going on.
Charge people here + there
for Park Passes - We're sick of it.
America is for the people and
by the people.
We needs something that's free.
Quit stabbing everyone in the back.
We have:
- Rises in Gas prices
- Rises in Homeowners' taxes
- licenses fees
- Gas + Electric prices rising
- Were going "Broke" you
8-Balls.
Stop this insanity now!
We need to have some things free
for free. Quit being greedy.

BLM

One of these days soon the Rothschilds who own our Money System in London England will Crash our Economy. I hear it's soon. before 2010.

Our dollar bill is useless + that is why we have rising oil prices.

So, how are you going to have a Campground fee? After we have an economic Crash?

Your not doing it!

Back in the Depression, Roosevelt told the Bankers to bail america out and he'd give them Federal Jurisdiction. So, the public never found out how they got out of Debt. The Illuminati Bankers got Guam, Phillipine Islands, Costa Rica, and 10 miles square of Washington D.C. + National Parks. The laws passed in Wash D.C. are different than our States. They have enough of America we want something for us
