I appreciate the opportunity to voice my opinion on the Upper Chattooga Environmental Assessment. The Upper Chattooga is an amazing place.

It is a remarkable resource that is being damaged and potentially destroyed by the stocking of non-native fish. I support banning stocking of all non-native fish in the wilderness.

A far wiser policy is to allow the use of low impact sports, including various forms of paddle boating. For these reasons, I support Alternative 8.

Thank you!
