I attempted to email you previously, but i am not sure my email was properly sent. I appreciate the opportunity to voice my opinion on the Upper Chattooga Environmental Assessment. The Upper Chattooga is a unique biological and cultural resource that will be changed forever by the human impacts associated with boating and would be best protected by no change in the current management. I support Alternative 1. Please take measures to protect the integrity of this area. There are so many other areas available for boaters to enjoy their sport, but this is truly a rare gem. Please maintain the policies and procedures set forth in Alternative 1.

Thank you!
