I support Alternative 1

I would like to have this area available for my 3 grand children to use for hiking and enjoying the solitude you can experience only in wilderness areas that are preserved in the state that this area is currently maintained.
I am an avid hunter and fisherman. I enjoy the outdoors regularly year round.
I appreciate the opportunity to voice my opinion on the Upper Chattooga Environmental Assessment. The Upper Chattooga is a unique biological and cultural resource that will be changed forever by the human impacts associated with boating and would be best protected by no change in the current management. I support Alternative 1.

Thank you!

Thanks,
