Comments:
Please save Georgia's rivers from distruction. Do not listen to outside groups on issues that they have not legal right of comment to. Georgia needs to take care of Georgia. No other state considers any comments from Georgians. They do not share their state with us like we share with them. We pay the bills, taxes and continue to listen to them and their requirements. It's time you only consider what Georgians say and want. John Hendrix Palmetto, GA
