I appreciate the opportunity to voice my opinion on the Upper Chattooga Environmental Assessment. The Upper Chattooga is a unique biological and cultural resource that will be changed forever by the human impacts associated with boating and would be best protected by no change in the current management. I support Alternative 1.
Please protect our wilderness areas. There are not that many places left like the Chattooga River area. Thanks for hearing us and have a great day!

Sincerely, George Laudun
