Lately, in Paulding County, Georgia, I have noticed a much higher number of dead wild life bodies on the road. Human presence and development is pushing wildlife into the suicide lane at an alarming rate. Think about the future, not about the dollar.

I appreciate the opportunity to voice my opinion on the Upper Chattooga Environmental Assessment. The Upper Chattooga is a unique biological and cultural resource that will be changed forever by the human impacts associated with boating and would be best protected by no change in the current management. I support Alternative 1.

Please leave this area alone and protect what little we have left that is untouched.

Thank you!
