I appreciate the opportunity to voice my opinion on the Upper Chattooga Environmental Assessment. The Upper Chattooga is a unique biological and cultural resource that will be changed forever by the human impacts associated with boating and would be best protected by no change in the current management. I support Alternative 1.
It is after carful consideration of the other alternatives that I arrive at my conlcusion. I have personally enjoyed the solitude of the upper Chattooga for years as a resident of that area and I would be very dissapointed to see it altered.

Thank you!
