Route To:

Subject: Continuing Education Program for Natural Resource Professionals, Confirmed Participants Roster

To: Regional Foresters, Station Directors, Area Director, IITF Director, Deputy Chiefs and WO Directors

Enclosed is the FY 2011 Participants Roster in the Continuing Education Program for Natural Resource Professionals (CE-WFW). The Roster includes both a confirmed list of participants and an unconfirmed list.

Most registered participants listed in the enclosed participants roster are confirmed to attend. The exceptions are for workshops not yet at minimum registration, and workshops where the cadre selects participants. Participants should send tuition payment to their vendor as soon as possible. Visit our CE-WFW web site for workshop payment options: <http://www.fs.fed.us/biology/education/>. Vendors will contact participants with workshop specifics.

If an emergency arises and a participant must withdraw, the participant should contact their Regional CE Coordinator or the National CE-WFW Program Leader and follow the procedure outlined in the CE-WFW brochure or at the CE-WFW web site.

Space permitting, employees are welcome to continue registering through AgLearn or by contacting Shelly Witt, National CE-WFW Program Leader. To register in AgLearn, select "register" under the "Action" header for the workshop you are interested in. This is the only way to "register." Selecting "Add to Learning Plan" does not register you. You must also fill out an SF 182 in AgLearn. Contact Shelly Witt if you need help determining your registration status.

Space is available in many of the CE-WFW workshops, including:

- *Leadership & Communications/Advanced*
- *Water Resource Management for Line & Staff Officers*
- *Landscape Ecology*
- *Natural Resource Policy, Values & Economics*
- *Foundations of Ecological Monitoring*
- *Advanced Concepts in Aquatic Ecosystem Analysis* (Distance Learning delivery; Free)

Our sincere thanks to the Regional CE Coordinators for their hard work and dedication. They are a vital link in the efficiency and quality of this program.

If you have any questions, please contact Shelly Witt, National CE-WFW Program Leader (switt01@fs.fed.us or 435-881-4203).

/s/ Steven T. Segovia (for)
