I appreciate the opportunity to voice my opinion on the Upper Chattooga Environmental Assessment. The Upper Chattooga is a unique biological and cultural resource that will be changed forever by the human impacts associated with boating and would be best protected by no change in the current management. I support Alternative 1.

The upper Chattooga is beautiful beyond words to describe it. The solitude is wonderful and gives me a great opportunity to think without interruption.

Thank you for the opportunity to comment!
