INTRODUCTION

This statistical report provides data useful to the livestock industry and to those individuals and institutions interested in the use of the National Forest System range resources. The report is a source of local, Regional, and National information on range use.

Livestock grazing on the National Forest System occurs on about 105 million acres of grassland, open forests and other forage-producing areas. This large area is divided into approximately 10,000 range allotments, located in 36 States. Over 15,000 paid permits are issued to permittees to graze cattle, horses, sheep, and goats. About 92,000 free-use permits also have been issued for horses in forest recreation and for small numbers of cattle and sheep. These permits allow for 9.9 million animal unit months (AUM's) of grazing to occur on National Forest System lands.

The grazing use on the public lands of the National Forest System is administered through a grazing permit system which provides for as much ten re and stability to the user as is consistent with the public interest. Conditions and requirements are set forth in the following USDA Secretary's Regulations:

Regulation 36 C.F.R.

222.1 AUTHORITY AND DEFINITIONS

(a) Authority. The Chief, Forest Service, shall develop, administer and protect the range resources and permit and regulate the grazing use of all kinds and classes of livestock on all National Forest System lands and on other lands under Forest Service control. He may redelegate this authority.

(b) Definitions.

(1) An "allotment" is a designated area of land available for livestock grazing.

(2) An "allotment management plan" is a document that specifies the program of action designated to reach a given set of objectives. It is prepared in consultation with the permittee(s) involved and:

(i) Prescribes the manner in and extent to which livestock operations will be conducted in order to meet the multiple-use, sustained yield, economic, and other needs and objectives as determined for the lands involved; and

(ii) Describes the type, location, ownership, and general specifications for the range improvements in place or to be installed and maintained on the lands to meet the livestock grazing and other objectives of land management; and

(iii) Contains such other provisions relating to livestock grazing and other objectives as may be prescribed by the Chief, Forest Service, consistent with applicable law.

(3) "Base property" is land and improvements owned and used by the permittee for a farm or ranch operation and specifically designated by him to qualify for a term grazing permit.

(4) "Cancel" means action taken to permanently invalidate a term grazing permit in whole or in part.

(5) A "grazing permit" is any document authorizing livestock to use National Forest System or other lands under Forest Service control for the purpose of livestock production including:

(i) "Temporary grazing permits for grazing livestock temporarily and without priority for reissuance.

(ii) "Term permits" for up to 10 years with priority for renewal at the end of the term.

(6) "Land subject to commercial livestock grazing" means National Forest System lands within established allotments.

(7) "Lands within National Forest in the 16 contiguous western States" means lands designated as National Forest within the boundaries of Arizona, California, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Utah, Washington, and Wyoming (National Grasslands are excluded).

(8) "Livestock" means animals of any kind kept or raised for use or pleasure.

(9) "Livestock use permit" means a permit issued for not to exceed one year where the primary use is for other grazing livestock.

(10) "Modify" means to revise the terms and conditions of an issued permit.

(11) "National Forest System lands," are the National Forests, National Grasslands, Land Utilization Projects, and other Federal lands for which the Forest Service has administrative jurisdiction.

(12) "On-and-off grazing permits" are permits with specific provisions on range only part of which is National Forest System lands or other lands under Forest Service control.

(13) "On-the-ground expenditure" means payment of direct project costs of implementing an improvement or development, such as survey and design, equipment, labor, and material (or contract) costs, and on-the-ground supervision.

(14) "Other lands under Forest Service control" are non-Federal public and private lands over which the Forest Service has been given control through lease, agreement, waiver, or otherwise.

(15) "Private land grazing permits" are permits issued to persons who control grazing lands adjacent to National Forest System lands and who waive exclusive grazing use of these lands to the United States for the full period the permit is to be issued.

(16) "Permittee" means any person who has been issued a grazing permit.

(17) "Permitted livestock" is livestock authorized by a written permit.

(18) "Person" means any individual, partnership, corporation, association, organization, or other private entity, but does not include Government agencies.

222.2 MANAGEMENT OF THE RANGE ENVIRONMENT

(a) Allotments will be designated in the National Forest System and on other lands under Forest Service control where the land is available for grazing. Associated private and other public lands should, but only with the consent of the landowner, lessee, or agency, be considered in such designations to form logical range management units.

(b) Each allotment will be analyzed and with careful and considered consultation and cooperation with the affected permittees, landowners, and grazing advisory board involved, as well as the State having land within the area covered, and an allotment plan developed. The plan will then be approved and implemented. The analysis and plan will be updated as needed.

(c) Forage producing National Forest System lands will be managed for livestock grazing and the allotment management plans will be prepared consistent with land management plans.

222.3 ISSUANCE OF GRAZING AND LIVESTOCK USE PERMITS

(a) Unless otherwise specified by the Chief, Forest Service, all grazing and livestock use on National Forest System lands and on other lands under Forest Service control must be authorized by a grazing or livestock use permit.

(b) Grazing permits and livestock-use permits convey no right, title, or interest held by the United States in any lands or resources.

(c) The Chief, Forest Service, is authorized to issue permits for livestock grazing and other use by livestock of the National Forest System and on other lands under Forest Service control as follows:

(1) Grazing permits with priority for renewal may be issued as follows: On National Forests in the 16 contiguous western States 10-year term permits will be issued unless the land is pending disposal, or will be devoted to other uses prior to the end of ten years, or it will be in the best interest of sound land management to specify a shorter term. On National Forest System lands other than National Forests in the 11 contiguous western States, the permit term shall be for periods of 10 years or less. Term grazing permits for periods of 10 years or less in the form of grazing agreements may be issued to cooperative grazing associations or similar organizations incorporated or otherwise established pursuant to State law. Such an agreement will make National Forest System lands and improvements available to the association for grazing in accordance with provisions of the grazing agreement and Forest Service policies. Term permits authorized in this paragraph may be in the form of private land or on-and-off grazing permits where the person is qualified to hold such permits under provisions the Chief may require. Permits issued under this paragraph are subject to the following:

(i) Except as provided for by the Chief, Forest Service, paid term permits will be issued to persons who own livestock to be grazed and such base property as may be required, provided the land is determined to be available for grazing purposes by the Chief, Forest Service, and the capacity exists to graze specified numbers of animals.

(ii) A term permit holder has first priority for receipt of a new permit at the end of the term period provided he has fully complied with the terms and conditions of the expiring permit.

(iii) In order to update terms and conditions, term permits may be cancelled at the end of the calendar year of the midyear of the decade (1985, 1995, etc.), provided they are reissued to the existing permit holder for a new term of 10 years.

(iv) New term permits may be issued to the purchaser of a permittee's permitted livestock and/or base property, provided the permittee waives his term permit to the United States and provided the purchaser is otherwise eligible and qualified.

(v) If the permittee chooses to dispose of all of his base property or permitted livestock (not under approved nonuse) but does not choose to waive his term permit, the Forest Supervisor will give written notice that he no longer is qualified to hold a permit, provided he is given up to one year to reestablish his qualifications before cancellation action is final.

(vi) The Chief, Forest Service, shall prescribe provisions and requirements under which term permits will be issued, renewed, and administered, including:

(A) The amount and character of base property and livestock the permit holder shall be required to own.

(B) Specifying the period of the year the base property shall be capable of supporting permitted livestock.

(C) Acquisition of base property and/or permitted livestock.

(D) Conditions of the approval of nonuse of permit for specific periods.

(E) Upper and special limits governing the total number of livestock for which a person is entitled to hold a permit.

(F) Conditions whereby waiver of grazing privileges may be confirmed and new applicants recognized.

(2) Permits with no priority for reissuance, subject to terms and conditions as the Chief, Forest Service, may prescribe, are authorized as follows:

(i) Temporary grazing permits for periods not to exceed one year, and on a charge basis, may be issued.

(A) To allow for use of range while a term grazing permit is held in suspension.

(B) To use forage created by unusually favorable climatic conditions.

(C) To use the forage available when the permit of the normal user's livestock is in nonuse status for reasons of personal convenience.

(D) To allow a person to continue to graze livestock for the remainder of the grazing season where base property has been sold, the permit waived, and new term permit issued.

(E) To allow grazing use in event of drought or other emergency of National or Regional scope where such use would result in permanent resource damage.

(ii) Livestock use permits for not to exceed one year may be issued under terms and conditions prescribed by the Chief, Forest Service, as follow:

(A) Paid permits for transportation livestock to persons engaged in commercial packing, dude ranching, or other commercial enterprises which involve transportation livestock including mining, ranching, and logging activities.

(B) Paid or free permits for research purposes and administrative studies.

(C) Paid or free permits to trail livestock across National Forest System lands.

(D) Free permits to persons who reside on ranch or agricultural lands within or contiguous to National Forest System lands for not to exceed 10 head or livestock owned or kept and whose products are consumed or whose services are used directly by the family of the resident, and who distinctly need such National Forest System lands to support such animals.

(E) Free permits to campers and travelers for the livestock actually used during the period of occupancy. This may be authorized without written permit.

(F) Paid or free permits for horses, mules, or burros to persons who clearly need National Forest System land to support the management of permitted livestock.

(G) Free permits for horses, mules, or burros to cooperators who clearly need National Forest System land to support research, administration or other work being conducted. This may be authorized without written permit.

(H) Paid permits to holders of grazing permits for breeding animals used to service livestock permitted to graze on lands administered by the Forest Service.

(I) Paid permits or cooperative agreements entered into as a management tool to manipulate revegetation on a given parcel of land.

DEFINITIONS OF TERMS

ANIMAL UNIT - One mature (1,000 lb.) cow or the equivalent based upon average daily forage consumption of 26 lbs. dry matter per day.

ANIMAL UNIT MONTH - One animal-unit for a period of 1 month.

ANIMAL UNIT CONVERSION FACTOR - The following standard factors are used in animal month - animal unit month conversions.

Class	Factor
Mature Cow	1.00
Mature Cow w/nursing calf	1.32
Yearling (9-18 months)	.70
Weaner calf	.50
Bull	1.50
Mature sheep or goat	.20
Ewe w/lamb or nanny w/kid	.30
Horse or mule	1.20
Swine	.50
Bison	1.00
Burro	.60

PERMITTED TO GRAZE - Livestock permitted to graze by a grazing permit, grazing agreement, livestock use permit or other permitting document. In the case of on-off permits the "on" portion is included.

ACTUALLY GRAZED - Livestock physically grazing on National Forest System land.

PAID PERMIT - Livestock physically grazing on National Forest System lands under paid permit, grazing agreement or livestock use permit.

FREE USE - Livestock physically grazing free of charge on National Forest System lands. Does not include those permitted under private land permits.

NON-NFS-LANDS - Livestock physically grazing on Non-National Forest System lands for which the grazing use has been waived to the Government by the owner or leasees.

CROSSING - Livestock physically occupying National Forest System lands under terms of a Livestock Use Permit for Crossing.

UNAUTHORIZED USE - Any grazing use of National Forest System lands not authorized or permitted by the responsible Forest Service line officer.
