

AGENDA

National Fire & Air Workshop
January 28-30, 2003
Westward Look Resort
Tucson, AZ

Workshop Objectives:

- To improve integration and collaboration of the Forest Service Fire Management and Air Resource Management Programs toward the implementation of the National Fire Plan and the protection of air quality.
- To share information and discuss key issues critical to both Air and Fire that affect Agency coordination, decision-making, operations, and forest planning.
- To develop a coordinated strategy to respond to these issues that includes defining roles, identifying communication, information and technology needs, and developing recommendations to Agency leadership.
