16 **DISPATCH:** Um --

17 ///

18 **c2626\_29\_08\_2009\_142241**

19 **DISPATCH:** Okay. Now, let me give you this number here.  
20 They might have a little bit more specific details on that  
21 area. What about Mill Creek? I know all that area is in  
22 evacuation, but what do you think about Mill Creek?

23 Yeah. We didn't lose any structures or anything but  
24 I don't know if that fire's gone through there or not. I want  
25 to say it's kind of -- like you said, it's kind of like right

1 in the middle. Take down this number. I know it's probably  
2 just a general information number, but they get a lot of the  
3 updates before we do here.

4 (b) (6) Okay.

5 **DISPATCH:** Believe it or not. (626) --

6 (b) (6) Uh-huh.

7 **DISPATCH:** -- 821 --

8 (b) (6) Okay.

9 **DISPATCH:** -- 6700.

10 (b) (6) Okay.

11 **DISPATCH:** And did we have any other FI PIO lines besides  
12 that 6700 number? It's the main one; right? Just that one PIO  
13 number, 6700, is all we have?

14 Yeah. That's the only one we have for you.

15 (b) (6) Okay.

16 **DISPATCH:** The fire has been transitioned to a large team,  
17 you know, here in dispatch we're just doing normal things,  
18 assisting with the evacuations. But basically, that whole --  
19 all those canyons are -- are experiencing extreme fire behavior  
20 and yes, evacuations have been in place.

21 (b) (6) Now, we survived one in -- the big one in  
22 1979.

23 **DISPATCH:** Uh-huh.

24 (b) (6) -- 1980.

25 **DISPATCH:** Uh-huh.

1 (b) (6) And like everything around us burned up  
2 there.

3 **DISPATCH:** Well, a lot of times weather patterns will  
4 repeat themselves. So hopefully, that's the case if the fire  
5 has already gone through. But I hope that helps. I don't have  
6 any -- I don't know what else to tell you.

7 (b) (6) Okay. Thank you very much.

8 **DISPATCH:** You're welcome.

9 (b) (6) Okay. Bye-bye.

10 **DISPATCH:** All right. Thank you.

1 was trying to communicate with someone about those power lines.

15 (b) (6) We can't get ahold of anybody to even ask for  
16 someone to cut the lines here. We're unable to contact anyone  
17 from Edison at this point.

18 **DISPATCH:** Okay. We -- we actually were on the phone with  
19 them and we relayed the message to them and they're going to  
20 get back to us with an ETA.

21 (b) (6) Okay. Excellent. Then I will stop doing it from

10          **DISPATCH:** On your cell; right?

11          **BATTALION 11:** He'll know Battalion 11.

12          **DISPATCH:** Did that go through all right, (b) (6)

13          **BATTALION 11:** Yeah.

14          **DISPATCH:** Okay.

15          **BATTALION 11:** If he can't call me any time soon, I have a  
16 question for you (inaudible).

17          **DISPATCH:** Okay. We got a new start that he's calling in

19          **BATTALION 11:** Where? Hey, where's the new start?

20          **DISPATCH:** It's over on 3 and 17, 4 and 33. I want to say  
21 it's near Mill Creek and Lightening Point.

22          **BATTALION 11:** Okay. He's calling a new start?

23          **DISPATCH:** Patrol 31 is right now and there's a vehicle  
24 associated with it and they keep trying to give me vehicle  
25 information instead of a location so --

1           **BATTALION 11:** Okay.

2           **DISPATCH:** Let me pick this up. I'll pass it on to him,

4           **BATTALION 11:** Okay.

5           **DISPATCH:** All right.

6           **BATTALION 11:** (Inaudible) call me. If he can't what I

13 man.

14           **PATROL 31:** So was it a new fire or was it part of the  
15 main fire?

16           **DISPATCH:** Well, I'm hearing that it's part of the main

18           **PATROL 31:** If he has any questions, you know, I don't

20           **DISPATCH:** Patrol 31. You want to talk to Patrol 31? Did

22           **PATROL 31:** No. You know what? I didn't get a good

2 **PATROL 31:** Look. But --

3 **DISPATCH:** He got the message to get (inaudible) so you

5 (b) (6)

6 **PATROL 31:** Yeah.

7 **DISPATCH:** Did you have any information on that truck you  
8 saw?

9 **PATROL 31:** No. Other than it was an old pickup. But  
10 look. Okay. Sup 16 said he got a partial plate. So if you  
11 can contact Sup 16.

12 **DISPATCH:** Yeah. That's what we're working on. Yeah.  
13 Sup 16, but he took off into the -- into the twilight. Where's  
14 he at?

15 **PATROL 31:** I don't know.

16 **DISPATCH:** I called the station. I left a message with  
17 his foreman and it had to do with Battalion 11 pretty big time  
18 too, so he's got the message. So --

19 **PATROL 31:** Have you tried him on the radio? Because he  
20 was on F2. He's on Forest Net.

21 **DISPATCH:** I'm not going to get on Forest Net during this  
22 fire initial attack to get a plate.

23 **PATROL 31:** Oh, okay.

24 **DISPATCH:** We can get a plate later if he's got a plate.  
25 But where's that truck at? Or did you move on up the road?

1           **PATROL 31:** It was -- he was going north on 3 and 17.

2           **DISPATCH:** So he just -- okay. Well, it was (b) (7) truck.  
3 I mean, was it like a Ford or a Toyota? New? Old?

4           **PATROL 31:** It looked like it was maybe like in the (b) (7),  
5 like a (b) (7) style.

6           **DISPATCH:** Okay. Well -- well, we'll follow up with Sup  
7 16 later. I got a message in with (b) (6) when all that was going  
8 down.

9           **PATROL 31:** Okay.

10          **DISPATCH:** And then I lost him on Forest Net.

11          **PATROL 31:** Okay.

12          **DISPATCH:** And he had left the station already to drive.  
13 So anyways, we'll get that, but if -- if -- we'll put that all  
14 together later. We'll get the fire now. But did you need to  
15 tell (b) (6) You got any questions for (b) (6) -- I mean for  
16 (b) (6) Okay. That's it, man.

17          **PATROL 31:** Okay. If any of the chiefs (inaudible), you  
18 know, you can let them know I'm headed toward North Fork. I  
19 got a little bit of damage to my truck here.

20          **DISPATCH:** Well, that's okay. I don't need to tell them  
21 on the air. Just, you know, as long as you're (inaudible).

22          **PATROL 31:** No, no, no, no. I mean, you know, if they  
23 call in.

24          **DISPATCH:** Right. Well -- we'll handle it later. I mean,  
25 good eyes out there, though, man. Good calling that in.

1           **PATROL 31:** Geez. You know, I couldn't tell if it was a  
2 new start or what because all I -- there's a little bit of  
3 fire. It was only a little bit and I drove through it and then  
4 there was fire like -- like spots everywhere. I mean, it  
5 wasn't even like one spot. There was like spots everywhere.  
6 So I didn't know what I was seeing. And then when I came back,  
7 there was like another spot. And so I could have kept going,  
8 but then I would have been in a drainage if I got caught.

9           **DISPATCH:** Well --

10          **PATROL 31:** You know? So there was no way that I was  
11 going to get caught in a drainage, so I kind of had to stay  
12 where I was at.

13          **DISPATCH:** Well, good deal on that man. Good -- good move  
14 out there.

15          **PATROL 31:** But -- all right. So I'm going -- I'm going  
16 to try to get out of here if I can.

17          **DISPATCH:** Well, do what you can. But, I mean, just keep  
18 in touch with your whoever -- who's the IC? Battalion 11?  
19 Just -- just talk to them out there because you're on that  
20 incident.

21          **PATROL 31:** Okay. Is Battalion 11 --

22          **DISPATCH:** Battalion 11 I think became the IC, yeah. Let  
23 me see. Yes.

24          **PATROL 31:** Okay.

25          **DISPATCH:** Battalion 11 is the IC. Yes. Yes, (b) (6)

1           **PATROL 31:** Okay.

2           **DISPATCH:** Battalion 11 is the IC and we're calling it The  
3 Fork for now. Yeah, he's The Fork IC, like spoon and fork.

4           **PATROL 31:** Okay.

5           **DISPATCH:** Okay? Anything else, (b) (6)

6           **PATROL 31:** No. No, that's it.

7           **DISPATCH:** Okay. We'll talk to you in a little bit then.

23          **DISPATCH:** Hey, (b) (6)

24          **PATROL 31:** Yeah.

25          **DISPATCH:** So you're at North Fork's residences?

1           **PATROL 31:** Yes.

2           **DISPATCH:** Hey, listen. I want Air 5 to land and check  
3 you out, all right? Do you think you need it?

4           **PATROL 31:** (Inaudible.)

5           **DISPATCH:** I know you have, but you're still out by  
6 yourself, though; right? Or have you -- did you find that  
7 helicopter that we had on the ground?

8           **PATROL 31:** Okay. Right now, I'm with the residents at  
9 North Fork.

10          **DISPATCH:** Okay. But, I mean, as far as any other  
11 firefighters, though, you're still by yourself; right?

12          **PATROL 31:** I'm still by myself.

13          **DISPATCH:** And what about -- did we -- we -- are we going  
14 to need to get those people out of North Fork?

15          **PATROL 31:** Okay. Right now --

16          **DISPATCH:** Forty-five minutes.

17          **PATROL 31:** -- there's only one person here with -- at  
18 North Fork. He does have a truck.

19          **DISPATCH:** Uh-huh.

20          **PATROL 31:** I think he's considering staying.

21          **DISPATCH:** Okay. Because the other thing we could do is  
22 have Air 5 get him out of there if we need to because the air  
23 techs talk -- the air tech we have over the area is also  
24 talking about some civilian people in the area that are wearing  
25 (inaudible) but in civilian type cars. Is that you guys?

1           **PATROL 31:** Yes. There's one. There's just one of them.

2 (Inaudible.)

3           **DISPATCH:** Okay. Because we -- if we need to get him out  
4 of there, you know, I don't know how the roads are going to be  
5 and too long. But I still want to have Air 5 at least get on  
6 the ground and give you a quick check, all right?

7           **PATROL 31:** Okay. You know what? (Inaudible.)

8           **DISPATCH:** Okay. Well --

9           **PATROL 31:** They do it all the time. (Inaudible.)

10          **DISPATCH:** And when you say, "truck," are you talking  
11 about your patrol vehicle; right?

12          **PATROL 31:** Yes.

13          **DISPATCH:** Okay.

14          **DISPATCH:** And did you scorch your rig or anything like  
15 that?

16          **PATROL 31:** I got a little scorch.

17          **DISPATCH:** Okay. We'll -- we'll check with the other  
18 divisions to see what they want to do. I mean, I understand  
19 what you're saying that you're -- you're pretty much fine and  
20 all that stuff. So we'll pass that on and just let them  
21 decide. How's that since they're the bosses?

22          **PATROL 31:** Okay.

23          **DISPATCH:** So -- and I understand your statement that it's  
24 not really up -- necessarily a safe situation to put them on  
25 the ground right now.

1           **PATROL 31:** Okay. And also, I'll be available --

3           **PATROL 31:** -- by the radio. And I'll figure out what

17 to get out of there now. Yeah. Battalion 11 is -- Battalion  
18 11 is -- are you there?

19          **PATROL 31:** Yeah.

20          **DISPATCH:** Battalion 11 says secure your vehicle and we're  
21 going to fly you out.

22          **PATROL 31:** Okay. I got to go inside (inaudible). Okay.  
23 Say that again.

24          **DISPATCH:** Battalion 11 is advising you, not advising you,  
25 Battalion 11 is commanding you to secure your vehicle and get

1 in the helicopter and fly out.

2 **PATROL 31:** Okay. Now, is that with the resident also?

3 Well, you know what? He has a dog. I don't think he's going

4 (inaudible). I don't think he's going to fly with his dog,

5 but -- okay. Here's the thing. If the resident's going to go

8 **PATROL 31:** Yes. 531 is right here standing in front of

9 me.

10 **DISPATCH:** 531 is there with him. Put the resident there

11 and his dog in the helicopter and get on the helicopter and get

12 out.

11          **DISPATCH:** No.

12          **CALLER:** (Inaudible.)

7 is -- can you hear me?

8           **CALLER:** Yes.

9           **DISPATCH:** Okay. I'm sorry about that. That is all --  
10 the 3654 is linked. That's not a separate incident. That's  
11 all part of the Station Fire.

12           **CALLER:** (Inaudible.)

13           **DISPATCH:** No, this -- yeah. No, this is -- this is the  
14 Angeles Dispatch. But I know what you're talking about. That  
15 log number, that's not a separate incident. That's a part of  
16 the Station Fire.

17           **CALLER:** Okay. (Inaudible.)

18           **DISPATCH:** Oh. For the Station Fire? The ICP for the  
19 station fire, it's at Hansen Dam.

20           **CALLER:** Hansen?

21           **DISPATCH:** Hansen, yeah. H-a-n-s-e-n.

22           **CALLER:** Okay.

23           **DISPATCH:** Hansen Dam. So that is not -- like, if -- I  
24 know initially and when -- initially -- actually, when somebody  
25 else called too and I explained that's not a separate fire. We

1 found out, like, soon after that it was all part of the  
2 station.

3 **CALLER:** Okay.

4 **DISPATCH:** So yep. So that incident number for you guys  
5 for the station is going to be 3622 when you call and reference  
6 it to us.

7 **CALLER:** Okay.

8 **DISPATCH:** So yeah. Those are one in the same. So 3622

9 (b) (6) This thing is shot -- I've -- I've heard that it  
10 might be north of Santa Clara Truck Trail.

11 **DISPATCH:** Hey, by the -- by the way, what do you think  
12 the chances are of it hitting the city of Tujunga?

13 (b) (6) What do you -- like, what do you mean? Tujunga  
14 Proper or?

15 **DISPATCH:** Yeah, Tujunga Proper. You know --

16 (b) (6) I'd say not -- not very likely. We lost it  
17 going in a northerly direction more or less across (inaudible)  
18 Road today.

19 **DISPATCH:** Yeah.

20 (b) (6) You know, and it -- and it ran through Big T and  
21 there was pretty significant structure loss but -- but it's  
22 only really lateral spread to the west from there. So I -- I  
23 think it's -- I'd say pretty confident that --

24 **DISPATCH:** Yeah.

25 (b) (6) -- (inaudible). It's really LA County structure

1 protection, but --

2 **DISPATCH:** Yeah. Okay.

3 (b) (6) Yeah, I don't know. Do you live in that area?

4 **DISPATCH:** Yeah. I live in Sunland.

5 (b) (6) Sunland, yeah.

6 **DISPATCH:** Yeah. And I'm more towards the freeway.

7 (b) (6) Yeah.

8 **DISPATCH:** But if it was a wind-driven fire, man, I don't  
9 know what this thing would have done. I mean --

10 (b) (6) Well, you're exactly right. And -- you know  
11 when you take Ora Vista and it wraps around and the golf course  
12 is on the left --

13 **DISPATCH:** Right, right.

14 (b) (6) -- and you're going up?

15 **DISPATCH:** Right.

16 (b) (6) The hard closure was up at Tree Farm on the  
17 right, the little nursery.

18 **DISPATCH:** Oh, okay.

19 (b) (6) And they were actually doing evac -- hard -- you  
20 know, mandatory evacuation of, like, where the ball fields are  
21 and that equestrian center.

22 **DISPATCH:** Right.

23 (b) (6) (Inaudible) camp.

24 **DISPATCH:** Right.

25 (b) (6) So it was coming over the hill when I left a few

1 hours ago, it's going to be backing down. But I -- you know,  
2 it's not open flame front with wind behind it.

3 **DISPATCH:** Yeah.

4 (b) (6) It's just a lateral spread backing down. So --

5 **DISPATCH:** Okay.

6 (b) (6) (Inaudible.) But I'm telling you, we got our  
7 butts kicked today.

8 **DISPATCH:** Yeah, yeah.

9 (b) (6) It looks -- they're calling it, like, 20,000  
10 acres now.

11 **DISPATCH:** Oh, yeah.

12 (b) (6) So I don't know. I guess it's visible from  
13 Acton.

14 **DISPATCH:** Oh, it's visible everywhere -- hey, where did

9 reminding them if whatever kind of stuff you guys need out

25 (b) (6) I looked at the CAD, but it wasn't updated since

1 eight o'clock this morning. That's when I looked at it.

2 **DISPATCH:** Oh. You mean for the resource status?

3 (b) (6) Yeah.

14 **DISPATCH:** Yeah. They -- we found out that it was part of

16 separate at all. It's all part of that one fire.

24 Sorry -- yeah. But no that's okay. You can call and ask.  
25 It's not a big deal.

6 They're -- they're updating it. That's fine. (Inaudible), you  
7 can call us. That's fine. It's not a big deal. If it doesn't  
8 look updated from, like, eight o'clock this morning, then  
9 there's an issue with the computer and stuff. Because yeah, we  
10 usually update them every single time when you guys change, we  
11 do.

12 (b) (6) Oh, okay. (Inaudible) call (inaudible).
