8 **ANGELES OPERATIONS:** Angeles Operations.

9 **TOW 13:** Hey. Good morning, Angeles. This is Tow 13.

10 **ANGELES OPERATIONS:** Hey. What's up there, (b) (6)

11 **TOW 13:** What's going on, dude?

12 **ANGELES OPERATIONS:** I don't know, man. It's crazy. This
13 thing is nuts. They should call this the Nuts Fire.

14 **TOW 13:** I bet. I -- dude -- I -- man, I'm glad I'm not
15 sitting near you, man. I know how it is.

16 **ANGELES OPERATIONS:** Oh, it's crazy in here. You know. A
17 different type of craziness though, you know? The stress is --
18 is -- is quantified in a different way.

19 **TOW 13:** Yeah.

20 **ANGELES OPERATIONS:** We start -- we start wiggling out here
21 is what -- I'll tell you what. It's nuts. And my two-hour
22 commute doesn't help every day after a 12-hour shift.

23 **TOW 13:** No way.

24 **ANGELES OPERATIONS:** Yeah.

25 **TOW 13:** Dude, that does suck. I know that.

1 **ANGELES OPERATIONS:** Tell me about it.

2 **TOW 13:** Well, there's light at the end the tunnel. It's
3 looking pretty good over here Bear Divide.

4 **ANGELES OPERATIONS:** Huh. Where are you -- what -- just
5 for -- in case we get cut off or something, where -- where you
6 headed to?

7 **TOW 13:** I'll be available Area 20.

8 **ANGELES OPERATIONS:** Oh, okay.

9 **TOW 13:** Uh-huh.

10 **ANGELES OPERATIONS:** Bear Divide is looking good though?

11 **TOW 13:** Yeah, yeah. It is.

12 **ANGELES OPERATIONS:** Huh.

13 **TOW 13:** Yeah. So yesterday I was saying on the radio --
14 the crew's TAC channel they're trying to (inaudible) keep the
15 dozer running, and I think it just sounds like it's pretty
16 close to being surrounding and contained over here.

17 **ANGELES OPERATIONS:** Hey, did they evacuate the Wildlife
18 Way Station?

19 **TOW 13:** Yes.

20 **ANGELES OPERATIONS:** They got everyone out of there?

21 **TOW 13:** Yesterday, I spoke with a lady. There's like ten
22 animals -- she didn't say what kind -- but they're giving --
23 they're giving -- they're giving her problems.

24 So I told her -- she basically wanted to know,
25 "When's the last minute that I can take them out?"

1 And I told her, "Well, take them out now, or it's
2 going to be worse later."

3 But there's only about ten animals left over there.

4 **ANGELES OPERATIONS:** Okay.

5 **TOW 13:** And -- and there's like a handful a people, she
6 said, like five people that are going to stay no matter what
7 and try to defend it.

8 **ANGELES OPERATIONS:** Now, is it under an active threat
9 now?

10 **TOW 13:** No.

11 **ANGELES OPERATIONS:** Okay.

12 **TOW 13:** The fire is still probably about a mile, a mile
13 and a half away.

14 **ANGELES OPERATIONS:** Huh.

15 **TOW 13:** We're just hanging out on a ridge about a mile
16 and a half away.

17 **ANGELES OPERATIONS:** Okay.

18 **TOW 13:** Yeah. It was looking pretty good.

19 **ANGELES OPERATIONS:** Hey, (b) (6) I got to go. I got do a
20 shift change.

21 **TOW 13:** All right, dude.

22 **ANGELES OPERATIONS:** All right.

23 **TOW 13:** Have a good day.

21 (b) (6) Hold on.

22 **ANGELES OPERATIONS:** Okay.

23 (b) (6) Go ahead.

24 **ANGELES OPERATIONS:** The guy at Camp Colby called here,
25 and he's really upset because there's smoldering -- something

1 smoldering inside the camp, and he can't get anybody to pay
2 attention to him, and he doesn't --

3 (b) (6) Just tell him, "Just mop it up."

4 **ANGELES OPERATIONS:** Huh? Tell him to mop it up?

5 (b) (6) (b) (6) I went in there yesterday with Jim Crawford
6 from L.A. County.

7 **ANGELES OPERATIONS:** Uh-huh.

8 (b) (6) I didn't see a damn thing smoldering.

9 **ANGELES OPERATIONS:** Okay. Well, you can just let whoever
10 is in charge of it know that he still has some concerns in
11 there, and he's saying there's something smoldering.

12 (b) (6) There's no one in charge, I don't think, but --

13 **ANGELES OPERATIONS:** Well, that's private land inside;
14 right?

15 (b) (6) You wouldn't -- you wouldn't believe what -- you've
16 been in there. You know what's happened to everything; right?

17 **ANGELES OPERATIONS:** Yeah. Yeah. (Inaudible.)

18 (b) (6) The fire -- the fire burned so hot around it that
19 the trees are just like shit. They burned branches off and
20 everything.

21 **ANGELES OPERATIONS:** Yeah.

22 (b) (6) All it did was just back down. You know where the
23 big part of the camp is, where those -- those big things --
24 they got their two-story, and they got the decks on them, and
25 they're wood buildings?

1 **ANGELES OPERATIONS:** Yeah.

2 (b) (6) There ain't a -- there ain't even a black mark on
3 them.

4 **ANGELES OPERATIONS:** Wow.

5 (b) (6) It had to have burned straight over the top and then
6 just crept down into there. There's little tiny fields that
7 didn't even burn as it came in.

8 **ANGELES OPERATIONS:** Wow.

9 (b) (6) I know. I thought I was going turn the corner --
10 because there's a mobile home as you're -- just before you go
11 over that hump where you pull into all the big buildings are,
12 and it's on the ground.

13 **ANGELES OPERATIONS:** Yeah.

14 (b) (6) And we turn that corner, and I'm going, "Oh, my
15 God." There ain't a single thing gone, but there was a cabin.
16 All that was left was a chimney. I think it was a cabin of
17 some kind, and then some other -- it must have been like a
18 storage or a service building or something. It's on the
19 ground, but those big -- all of those big two-story nice-
20 looking deals with wooden decks that overhang the bush -- not a
21 damn thing.

22 **ANGELES OPERATIONS:** Wow. That's -- that's amazing.
23 Totally amazing.

22 **ANGELES OPERATIONS:** Okay.

23 **RESERVOIR IC:** And let's see. Can you give me the
24 original time out.

25 **ANGELES OPERATIONS:** Original time out was 2125.

1 **RESERVOIR IC:** Did you guys get a report before I called
2 you?

3 **ANGELES OPERATIONS:** No. What it was was that somebody --
4 somebody in here was monitoring -- I don't know where it came
5 from.

6 **RESERVOIR IC:** Okay.

7 **ANGELES OPERATIONS:** I'm not sure. We were monitoring
8 L.A. County. I think it came through L.A. County. Somebody
9 monitored the scanner that said, "It looks like we got a
10 brushfire." And then, right after they said that, of course,
11 it came up on our MDT.

12 **RESERVOIR IC:** Yeah.

13 **ANGELES OPERATIONS:** And then for a while there, it was a
14 little chaotic, but basically, we got it pretty close to the
15 bone.

16 **RESERVOIR IC:** Yeah.

17 **ANGELES OPERATIONS:** Okay.

18 **RESERVOIR IC:** Give me S.O., D.O., incident number, and
19 all that good stuff.

20 **ANGELES OPERATIONS:** Sure. The -- so the "P" number will
21 be -- just to confirm on that -- will be Unique?

22 **RESERVOIR IC:** Yes.

23 **ANGELES OPERATIONS:** Okay. The S.O. number is 143.

24 **RESERVOIR IC:** Copy.

25 **ANGELES OPERATIONS:** District number is 23.

1 **RESERVOIR IC:** Okay.

2 **ANGELES OPERATIONS:** Incident number is 3722 -- 3722.

3 And -- (b) (6) it will be a Unique "P."

4 And she'll be getting back here with me in a second
5 on the "P" Code.

6 **RESERVOIR IC:** Okay. And we're probably going to be
7 out -- let's see -- I'd say at least until midnight. We're
8 starting to release some of the surplus County stuff.

9 **ANGELES OPERATIONS:** Okay.

10 **RESERVOIR IC:** All right, (b) (6)

11 **ANGELES OPERATIONS:** All right. I'll let you know when we
12 get that Unique "P" Code.

13 **RESERVOIR IC:** Yeah. And I think, so far, the cell is
14 working fine. So you can probably call in.

15 **ANGELES OPERATIONS:** Okay.

16 **RESERVOIR IC:** All right, (b) (6)

17 **ANGELES OPERATIONS:** All right. We'll see you. Bye.

22 to contact the L.A. County dam keeper for San Dimas Dam.

23 **ANGELES OPERATIONS:** L.A. County dam keeper for San Dimas
24 Dam?

25 **RESERVOIR IC:** Yeah.

1 **ANGELES OPERATIONS:** And what's the request?

2 **RESERVOIR IC:** We want to have -- see if he can respond on
3 scene to the San Dimas Dam residence and open the gate for us.
4 We believe we may have a downed power line in there, and we
5 also need it for investigation access.

6 **ANGELES OPERATIONS:** Okay. Respond to the San Dimas Dam
7 residence area?

8 **RESERVOIR IC:** Yeah.

9 **ANGELES OPERATIONS:** Okay.

10 **RESERVOIR IC:** The dam has a residence just below the dam.
11 We need -- it's probably L.A. County Public Works now.

12 **ANGELES OPERATIONS:** Okay. Let me call them and then give
13 you a call back with what they told me. Okay?

14 **RESERVOIR IC:** Okay. Thank you, (b) (6)

2 I told you about the IAZ --

3 **ANGELES OPERATIONS:** Uh-huh.

4 (b) (6) -- it's just outside, but County is going to call
5 it good. So we're not going to generate any numbers because
6 it's one of those things like one side of the road, this and
7 that. So --

8 **ANGELES OPERATIONS:** Huh.

9 (b) (6) -- we're going to treat it IAZ.

10 **ANGELES OPERATIONS:** Okay.

11 (b) (6) yeah, he's going to treat it IAZ, no generate

13 Yeah, she already put it in the system.

14 (b) (6) I thought I told you earlier that it was IAZ. So
15 we're generating a number?

16 **ANGELES OPERATIONS:** What's that? Yeah, I copied what you
17 said, and I relayed that -- related that to (b) (6) "Just inside
18 IAZ with L.A. County, just outside La Verne."

19 (b) (6) That's correct. So what you heard previously was
20 it was in the Initial Action Zone; correct?

21 **ANGELES OPERATIONS:** Right. That was the last thing that
22 I heard, just inside --

23 (b) (6) So we should only be generating numbers if we're
24 doing assist by hire.

25 **ANGELES OPERATIONS:** Okay.

1 (b) (6) Right?

2 **ANGELES OPERATIONS:** We only should be generating numbers
3 if we're doing assistance by hire; right?

6 (b) (6) Oh, okay.

7 **ANGELES OPERATIONS:** Yeah.

8 (b) (6) Well, just so you know, it's just slightly out.
9 The County's just going to go ahead and call it good.

10 **ANGELES OPERATIONS:** Okay.

11 (b) (6) So we figure it's -- it's so close you can hardly
12 tell a difference --

13 **ANGELES OPERATIONS:** Okay.

14 (b) (6) -- the way the road wiggles around.

15 **ANGELES OPERATIONS:** Yeah.

16 (b) (6) Let's see. We're going to leave 36, 46 out here

18 County is going to have an engine on it until about
19 2:00 or 3:00.

20 **ANGELES OPERATIONS:** Okay.

21 (b) (6) And I was wondering -- did you get that Unique "P"
22 Code?

23 **ANGELES OPERATIONS:** Yes. Let me give it to you here.
24 Hold on a second. Okay. The Unique -- the S.O. number is 143,
25 1-4-3; district number is 23; the "P" Code is P-5-Edward-6-

1 (b) (6) Boy with an override of 0501.

2 (b) (6) Okay. Some information on the start. We believe
3 that it's a possibility that an animal hit the line and shorted
4 and fell and started the fire but nothing conclusive yet.

5 **ANGELES OPERATIONS:** Okay.

6 (b) (6) So we don't really know (inaudible) Edison just
7 yet. It looks like something like that. So it's associated
8 with power lines, but it's -- you know -- one of those weird
9 things.

10 **ANGELES OPERATIONS:** Okay.

25 ANGELES OPERATIONS: Okay.

1 **RESERVOIR IC:** -- right now -- hey, could you help me out
2 here real quick? Did you get a release time from us from of

4 **ANGELES OPERATIONS:** No. I didn't get any resource -- any
5 times for La Verne. All I got was -- initially, when you told
6 me that you were going, it was at 2224. You stated that the
7 fire was one to one and a half acres, getting a handle on it;
8 fire is just inside IAZ with L.A. County, just outside La
9 Verne; we're sending La Verne home; and that was at 2224, and
10 that's the last I heard of anything with La Verne.

11 **RESERVOIR IC:** Okay. You broke up. That was at 22 when?

12 **ANGELES OPERATIONS:** 2224. You said you were going to be
