

# Installing SINMAP

Download the file sinmap\_install.exe from <http://www.fs.fed.us/informs/download.php>

Administrator privileges on the PC are not required to install.

To install the program, double-click on **sinmap\_install.exe**

1. Click on **OK** to start the installation.

2. Click on **Unzip**.

3. Click on **Ok**:

4. Click on Close

The files are extracted to:

sinmap.avx    c:\fsapps\esri\av\_gis30\arcview\ext32  
sinmap.dll    c:\fsapps\esri\av\_gis30\arcview\bin32

## **\*\*Note for non-Forest Service installations:**

If the path c:\fsapps\esri\av\_gis30\arcview is not the installation path for PC ArcView then you must manually move the **sinmap.avx** and **sinmap.dll** files to the correct installation path.
