

**Wrenco Environmental Assessment**

**Map Packet**

**Maps in this packet include:**

Figure 1-1. Vicinity map .....	1
Figure 1-2. Map of Forest Plan management area designations .....	2
Figure 2-1. Vegetation and fuel treatments, Alternative A .....	3
Figure 2-2. Logging systems, Alternative A .....	4
Figure 2-3. Proposed treatments in Areas I (dry sites), II (moist sites) and III (regeneration areas) .....	5
Figure 3-1. Map of past, ongoing, and reasonably foreseeable timber harvest.....	6
Figure 3-2. Stands in the project area .....	7
Figure 3-3. Existing condition of flammulated owl habitat .....	8
Figure 3-4. Existing condition of goshawk nesting habitat.....	9
Figure 3-5. Existing condition of white-tailed deer winter range .....	10
Figure 3-6. Condition of flammulated owl habitat following proposed treatments.....	11
Figure 3-7. Condition of goshawk nesting habitat following proposed treatments .....	12
Figure 3-8. Condition of white-tailed deer winter range following proposed treatments.....	13
Figure 3-9. Aquatic cumulative effects analysis area .....	14
