Subject: Quarterly Schedule of Proposed Actions

To: Interested Public

Enclosed is a copy of the Schedule of Proposed Actions (SOPA) for the Idaho Panhandle National Forests. This document provides early notice of Forest Service activities and proposals. The schedule is updated and sent out four times a year.

We invite your active participation in project planning for the Idaho Panhandle National Forests. Contributing your comments, suggestions and site specific information about these project areas early in the planning process can help our forest make better decisions.

Here is how the quarterly Schedule of Proposed Actions can be best used:

1. Look through the schedule to see which projects you would like to know more about.
2. Let the contact person listed for a project know of your interest. The phone number for that person is at the top of the page where the project is listed. If you are viewing the schedule on our website and would like to contact a person on a particular project, you can now click on the contact person's name and e-mail your comment.
3. We will place your name on the mailing list for that project. You will then be notified about opportunities for public participation and will receive additional information concerning that project as it is developed.

*** You may be on the mailing list for as many individual projects as you like, but please ask to be on the list only for the individual projects in which you are sincerely interested. This will save paper and reduce duplication and mailing costs.

The Washington Office of the Forest Service is developing an electronic version of the Schedule of Proposed Actions. This is being referred to as "e-SOPA". Beginning the Fall of 2004 our forest will join all forests across the nation in contributing to a national database identifying projects and disclosing project status. The e-SOPA will be available to the public via the internet at any time. On the Idaho Panhandle National Forests, we will continue to publish a quarterly Schedule of Proposed Actions, which will be posted on our website and will be mailed to those who prefer paper copies. As more details of this program become available, I will be sharing them with you.

We will continue to provide this quarterly report unless you ask us to remove your name from our mailing list. If you are tracking projects from one quarter to another and notice some are missing, this is because the project was dropped for the time being, or a decision has been issued. Please call the contact person listed on the report if you have questions.

The Idaho Panhandle has the Schedule of Proposed Actions posted on the FS web at:
www.fs.fed.us/ipnf/eco/manage/quarterlynepa/

If you have comments or suggestions on making this schedule more useful, please contact Karl Dekome at (208) 765-7479.

Sincerely,

Dave O'Brien, for
RANOTTA K. MCNAIR
Forest Supervisor

Enclosure

Explanation of Forest Service Jargon

CE - Categorical Exclusion:

Documentation provided for actions where neither an environmental assessment nor an environmental impact statement is required. Actions covered under these do not individually or cumulatively have a significant effect on human environment.

CFR - Code of Federal Regulations:

Formal regulations that implement the Federal Law.

Decision Document & types of NEPA documentation:

A document explaining the decision the Forest Service made. These can be (1) a Record of Decision (ROD) for an EIS, (2) a decision notice (DN) for an EA, and a decision memo (DM) for a Categorical Exclusion (CE). The types of decision documents and NEPA documentation listed are what we believe will be necessary based on past experiences in similar situations but are subject to change depending on the results of scoping and analysis.

Environmental Analysis:

An investigation of a proposed action and alternatives to that action and their direct, indirect, and cumulative effects on the environment. The process provides the necessary information to reach an informed decision and provides the information needed for determining whether a proposed action may have significant environmental impacts.

EA - Environmental Assessment:

A public document for which a Federal agency is responsible that serves to: (1) Provide sufficient evidence and analysis for determining whether to prepare an environmental impact statement or a finding of no significant impact; (2) Aid an agency's compliance with the Act when no environmental impact statement is necessary; (3) Facilitate preparation of a statement when one is necessary. An environmental assessment includes brief discussions of the need for the proposal, alternatives as required by NEPA, the environmental impacts of the proposed action and alternatives, and a listing of agencies and persons consulted.

EIS - Environmental Impact Statement:

A detailed written statement as required by the National Environmental Policy Act.

NEPA - National Environmental Policy Act:

A law that directs Federal agencies to perform environmental analysis.

Scoping:

A term from the NEPA regulations which requires the Forest Service to notify the public and ask for public comment.

Implementation:

Actually doing the project work, including design and preparation.

T48N, R4E, Section 36:

Commonly known as a "legal description," this information is on Forest Service maps and can be used to locate a project: T = Township (north and south), R = Range (east and west), Section = one mile square units of land numbered from 1-36.

<i>Map Key</i>	<i>Type of Project</i>	<i>Name of Project</i>	<i>Location</i>	<i>Anticipated Decision Date</i>	<i>Scoping/ Current Status</i>	<i>Project Team Leader</i>
1	Trail Maintenance	Independence Creek Trail #22 Improvement Project CE/DM (relocate 2.1 miles of trail out of the riparian area to the north slope)	T53N, R1E	April 2004	October 2003/ Decision Issued	Andy Boggs
2	Fuels reduction	Hungry Caribou Fuels Reduction CE/DM (possible commercial thinning, group shelterwood or sanitation salvage; understory slashing, mechanical or hand piling, and prescribed burning; approximately 450 treatment acres).	T48, 49N, R3W	September 2004	January 2004/ Scoping	Sarah Jerome
3	Ecosystem improvement	Teratoid Teepee Project EA/DN (possible road construction and/or reconstruction; watershed restoration; forest stand management activities potentially resulting in an estimated 10,000 ccf of timber volume)	T51 & 52N, R1W, 1E, & 2E	Deferred	July 1992/ Deferred	Mike Dearborn
4	Mineral development	Lost Eagle Minerals CE/DM – Proposal for helicopter supported core-drilling exploration (1 to 2 core holes). No road construction.	T50N, R5E	July 2004	April 2003/ Scoping	Chris Dail
5	Wildland Urban Interface	Twomile Project EA/DN (1.9 miles road construction, 1.4 miles reconstruction, 3.4 miles road decommissioning, 14 stream crossings repaired/replaced, 4 helicopter log landings constructed; fuels reduction and forest stand management activities on approx. 1,104 acres resulting in an estimated 10,700 ccf [4.6 mmbf] timber volume.	T48 & 49N, R3 & 4E	June 2004	November 2002/ Decision issued	Lonnie Newton
6	Aquatic restoration	Steamboat Aquatic Restoration EA/DN (upgrade culverts on open roads, decommission (by removing culverts) on closed roads, reroute segments of encroaching roads, fish habitat rehabilitation etc.)	T51 & 52N, R1 & 2E	July 2004	April 2003/ In progress	Rob Davies/ John Ruebke
7	Recreation facility	Skitwish Trail Shelter CE/DM – trail shelter construction, outhouse installation, clearing of unmerchantable trees from an area approximately 100 feet by 1,000 feet along Skitwish Ridge, installation of gates to allow passage of trail vehicles only.	T50N, R1W, Sec. 16	August 2004	March 2004/ In progress	Andy Boggs
8	Fuels reduction	Hayden Lake Fuels Reduction CE/DM (reduction of fuels adjacent to access routes; no road construction, reconstruction or decommissioning; no commercial timber harvest)	T51N, R3W	May 2004	April 2003/ Decision issued	Dave Brown
9	Ecosystem improvement	Horizon Moon EIS/ROD (possible road construction/ reconstruction/decommissioning; aquatic improvement activities, and forest stand management activities potentially resulting in an estimated 2,000 ccf timber volume)	T50 & 51N, R2W	Deferred	April 2003/ Deferred	Sherri Lionberger
10	Ecosystem Improvement	Placer EA/DN (proposal may include road construction, reconstruction and/or decommissioning, aquatic improvement activities, and forest stand management activities potentially resulting in an estimated 10,000 ccf)	T47 & 48N, R4, 5E	September 2004	April 2003/ In progress	Sherri Lionberger

<i>Map Key</i>	<i>Type of Project</i>	<i>Name of Project</i>	<i>Location</i>	<i>Anticipated Decision Date</i>	<i>Scoping/ Current Status</i>	<i>Project Team Leader</i>
11	Mineral Development	Silver Strand EA/DN – Underground mine development proposal. Portal and access road construction, injection well, waste dumps at existing mine site.	T51N, R2W, Sec. 24; & T51N, R1W, Sec. 19	August 2004	April 2003	Chris Dail
12	Mineral Development	Golden Eagle EA/DN – Placer mine development proposal. 10-20 cubic yards/day on upland terrace. Haul and wash off site.	T49N, R4E, Sec. 2, 11	August 2004	April-May 2003	Chris Dail
13	Timber salvage	Venus Houselogs CE/DM (roadside salvage of 50-60 dead white pine trees across 30 acres using cable yarding, resulting in approximately 40 ccf)	T51N, R4E, Sec. 19, 30	May 2004	Nov. 2003/ Decision issued	Bob Rehnborg
14	Fuels reduction	Lone Mountain Fuels CE/DM (possible commercial thinning, group shelterwood or sanitation salvage; understory slashing, mechanical or hand piling, and prescribed burning)	T53N, R4W	August 2004	April 2004/ In progress	Dave Brown
15	Timber salvage	Lookout Divide Beetle (salvage of beetle-killed lodgepole pine using helicopter yarding across 200-250 acres, requiring approximately 0.5 miles of road reconstruction, resulting in 3,000 to 4,000 ccf)	T48N, R6E	September 2004	May 2004/ In progress	Bob Rehnborg
17	Fuels reduction	Carbon Center Fuels Reduction CE/DM (possibly including commercial timber harvest; understory slashing, mechanical or hand piling, and prescribed burning)	T49N, R4E, Sec. 35	July 2004	April 2004/ In progress	Rona Liller
20	Timber thinning	Thin Above Camp CE/DM (larch thinning, tractor/skyline yarding on 34 acres resulting in an estimated 250 ccf; 0.1 mile road reconstruction)	T50, 51N, R4E	April 2004	May 2003/ Decision issued	Bob Rehnborg
21	Timber thinning	Flat Roundwood CE/DM (commercial thinning, tractor yarding on 50 acres resulting in an estimated 200 ccf sawlogs and 1,500 tons non-sawlogs; 0.2 miles temporary road construction)	T52N, R3E	April 2004	June 2003/ Decision issued	Bob Rehnborg
23	Timber salvage	Beetle Trails Salvage CE/DM (salvage Douglas-fir beetle mortality, cable/skyline yarding on 15 acres resulting in an estimated 160 ccf; no road construction)	T49N, R4, 5E	April 2004	September 2003/ Decision issued	Bob Rehnborg
24	Timber salvage	Toboggan Fire Salvage (salvage of fire-damaged timber, skyline/cable yarding on 72 acres resulting in an estimated 1,500 to 2,000 ccf; 0.3 miles temp. road construction, 0.5 miles road reconstruction)	T50N, R5E	April 2004	September 2003/ Decision issued	Bob Rehnborg
~~~~	Grazing allotments	Grazing EA (Iron-Mokins, Hayden, Lancaster, and Searchlight-Alder Allotments)	District-wide	September 2004	October 1997/ In progress	Sherri Lionberger
