

Burning Permits

Permits for burning slash and debris piles (tree limbs, branches, needles, etc.) are generally required from May 10th through October 20th. Restrictions to the burning season may apply when conditions are dry and fire danger is high.

Burning garbage is not allowed at the recreation residences.

Burning permits are free and may be obtained by contacting the Priest Lake Ranger District at (208) 443-2512 or the Idaho Department of Lands (208) 443-2516.
