NE PUBLICATIONS—1996

Most Station publications (Research Papers, Research Notes, General Technical Reports, and Resource Bulletins) are available from USDA Forest Service, 359 Main Road, Delaware, OH 43015. Attn: Publications Group. For copies of articles not published by the Station, contact a university library or the Northeastern Research Station author or co-author. A list of Station authors by location follows the citations. Full mailing addresses for headquarters and field locations are shown on the inside back cover.
