Dear Chief Bosworth,

Thanks for taking time out of your busy schedule last week to visit with Dana Bell and me while we were in Washington, DC. We hope our visit was informative and that you will consider the NOHVCC and our network of OHV leaders across the nation to be a resource at your disposal.

We realize that effective management of OHV recreation and education of the folks who recreate on our public lands are in all of our best interests. We have enjoyed many years working cooperatively with the Forest Service and look forward to working in the future on projects like the OHV Management Workshops, educational programs like the NOHVCC Adventure Trail, and many other partnership opportunities. We look forward to many fruitful years as partners with the US Forest Service.

We are also anxious to review the soon-to-be-released draft OHV Rule and look forward to working with Mary, Jack and the other team members to make it the best it can be.

Sincerely,

Russ Ehnes
