

Volume II

Table of Contents

Appendix D: Differences Among the Alternatives	D-1
Introduction	D-1
Direction for Alternative 1 (No Action)	D-1
Infrastructure	D-1
Direction for Alternatives 1 and 2	D-1
Direction for Alternative 5	D-3
Livestock Grazing Direction by Alternative	D-5
Alternative 1	D-5
Alternative 2	D-5
Alternative 3	D-5
Alternative 4	D-5
Alternative 5	D-5
Noxious and Undesirable Plant Species Direction by Alternative	D-5
Alternatives 2, 3, 4, and 5	D-5
Paleontological Resource Direction by Alternative	D-6
Alternative 1	D-6
Alternatives 2, 3, and 4	D-6
Alternative 5	D-7
Prairie Dog Direction by Alternative	D-8
Alternative 1	D-8
Alternative 2	D-8
Alternative 3	D-9
Alternative 4	D-10
Alternative 5	D-10
Recreation Direction by Alternative	D-11
Alternative 5	D-11
Goals and Objectives for Alternative 3	D-11
Goals and Objectives for Alternative 5	D-13
Management Area Direction	D-14
Appendix E: Research Natural Areas	E-1
Introduction	E-1
What RNAs Represent	E-1
Function of RNAs	E-2
Identifying RNAs	E-2
Criteria	E-3
Identifiers	E-4
Condition of RNAs	E-4

Size of RNAs	E-4
Management of RNAs	E-4
Recreational Management	E-5
Fire Management	E-5
Exotic Species Management	E-5
Descriptions of Nominated Research Natural Areas	E-5
Dakota Prairie Grasslands	E-6
Medicine Bow-Routt National Forest	E-12
Nebraska National Forest Units	E-14
Inventory Summary	E-19
Demand Assessment	E-20
Appendix F - Special Interest AreasIntroduction	F-1
Inventory Process	F-1
Dakota Prairie Grasslands	F-1
Grand River/Cedar River National Grasslands	F-1
Little Missouri National Grassland (Medora Ranger District)	F-2
Sheyenne National Grassland	F-4
Medicine Bow/Routt National Forest	F-5
Thunder Basin National Grassland	F-5
Nebraska National Forest Units	F-6
Bessey Unit (Including the Samuel R. McKelvie National Forest)	F-6
Buffalo Gap National Grassland (Fall River Ranger District)	F-6
Buffalo Gap National Grassland (Wall Ranger District)	F-7
Pine Ridge Unit (Including the Oglala National Grassland)	F-8
Demand Assessment	F-9
Appendix G - Wild and Scenic Rivers	G-1
Introduction	G-1
Purpose and Need for Action	G-2
Historical Summary	G-3
Current Conditions	G-4
Benchmark Analysis Summary	G-4
Inventory and Evaluation Process	G-4
Results of Inventory and Evaluation	G-5
Demand Assessment	G-5
Comprehensive River Management Plans	G-6
Organization of this Report	G-6
Cheyenne River (Nebraska National Forest)	G-6
Alternatives	G-7
Suitability	G-7
Little Missouri (Dakota Prairie Grasslands)	G-9

Alternatives	G-12
Suitability	G-12
Little Missouri (Theodore Roosevelt National Park)	G-17
Alternatives	G-18
Suitability	G-18
Middle Loup (Nebraska National Forest)	G-27
Alternatives	G-28
Suitability	G-28
Rapid Creek (Nebraska National Forest)	G-30
Alternatives	G-31
Suitability	G-31
Sheyenne (Dakota Prairie Grasslands)	G-32
Alternatives	G-34
Suitability	G-34
Appendix H - Biological Assessment and Evaluation	H-1
Section 1. Introduction	H-1
Area Affected	H-2
Biological Assessment and Evaluation Process	H-3
Pre-field Review	H-3
Field Reconnaissance	H-3
Analysis of Effects	H-4
Preliminary Determinations	H-5
Section 2. Biological Assessment for Species Protected Under the Endangered Species Act and at Risk of Rangewide Imperilment	H-7
Species Eliminated From Further Analysis	H-7
Species Evaluations	H-8
Blowout Penstemon (<i>Penstemon haydenii</i>)	H-8
Western Prairie Fringed Orchid (<i>Platanthera praeclara</i>)	H-11
Ute ladies' tresses (<i>Spiranthes diluvialis</i>)	H-16
American Burying Beetle (<i>Nicrophorus americanus</i>)	H-18
Whooping Crane (<i>Grus americana</i>)	H-22
Bald Eagle (<i>Haliaeetus leucocephalus</i>)	H-25
American Peregrine Falcon (<i>Falco peregrinus anatum</i>)	H-27
Black-footed Ferret (<i>Mustela nigripes</i>)	H-30
Mountain Plover (<i>Charadrius montanus</i>)	H-43
Section 3 - Biological Evaluation for Species that May be at Risk of Rangewide Imperilment but are Not Protected Under the Endangered Species Act	H-48
Species Eliminated From Further Analysis	H-48
Species Evaluations	H-48
Dakota Buckwheat (<i>Eriogonum visherii</i>)	H-48
Smooth Goosefoot (<i>Chenopodium subglabrum</i>)	H-51
Barr Orophaca (<i>Astragalus barii</i>)	H-57
Dakota Skipper (<i>Hesperia dacotae</i>)	H-60
Eastern Skipperling (<i>Oarisma powesheik</i>)	H-64

Regal Fritillary (<i>Spyeria idalia</i>)	H-68
Sturgeon Chub (<i>Macrohybopsis gelida</i>)	H-71
Swift Fox (<i>Vulpes velox</i>)	H-74

Section 4. Biological Evaluation for Species that may be at Risk of Regional or More Local Imperilment **H-78**

Species Eliminated from Further Analysis	H-78
Species Descriptions for Fine Filter Analyses	H-85
Sand Lily (<i>Leucocrinum montanum</i>)	H-85
Upright Pinweed (<i>Lechea stricta</i>)	H-89
Handsome Sedge (<i>Carex formosa</i>)	H-93
Tawny Crescent Butterfly (<i>Phyciodes batesii</i>)	H-97
Prairie Skipper (<i>Hesperia ottoe</i>)	H-100
Flathead Chub (<i>Platygobio gracilis</i>)	H-102
Longnose Sucker (<i>Catostomus catastomus</i>)	H-105
Plains Topminnow (<i>Fundulus sciadicus</i>)	H-108
Lewis' Woodpecker (<i>Melanerpes lewis</i>)	H-110
Black-tailed Prairie Dog (<i>Cynomys ludovicianus</i>)	H-113
Western Burrowing Owl (<i>Athene cunicularia</i>)	H-118
California Bighorn Sheep (<i>Ovis canadensis californiana</i>)	H-122
Merlin (<i>Falco columbarius</i>)	H-125
Northern Goshawk (<i>Accipiter gentilis</i>)	H-128
Sage Grouse (<i>Centrocercus urophasianus</i>)	H-131
Greater Prairie Chicken (<i>Tympanuchus cupido pinnatus</i>)	H-135
Swainson's Hawk (<i>Buteo swainsoni</i>)	H-144
Ferruginous Hawk (<i>Buteo regalis</i>)	H-146

Coarse Filter Analyses H-149

Animals	H-149
Grasslands	H-149
Riparian Habitats	H-152
Wetlands	H-154

Coarse Filter Analyses H-156

Plants	H-156
Eastern Prairie Boggy Wetlands	H-156
Tallgrass Prairie Wetlands	H-166
Tallgrass Prairie Deciduous Hardwoods	H-172
Tallgrass Prairie Choppy Sandhills	H-177
Western Plains Riparian	H-182
Scoria Hills	H-187
Buttes	H-191
Western Wooded Draw	H-199

References **H-200**

Index

Appendix I - Oil and Gas Stipulations	I-1
Introduction	I-1
Definition of Terms	I-1
Water	I-2
Controlled Surface Use (CSU)	I-2
Soils	I-3
Controlled Surface Use (CSU)	I-3
Recreation	I-4
Controlled Surface Use (CSU)	I-4
No Surface Occupancy (NSO)	I-5
Paleontology	I-6
Controlled Surface Use (CSU)	I-6
Wildlife	I-6
Timing Limitation (TL)	I-6
Timing Limitation (TL)	I-10
Timing Limitation (TL)	I-12
Timing Limitation (TL)	I-14
Controlled Surface Use (CSU)	I-15
Controlled Surface Use (CSU)	I-16
Scenery Management	I-17
High Scenic Integrity Objective (SIO) Areas	I-17
Controlled Surface Use (CSU)	I-17
Moderate Scenic Integrity Objective (SIO) Areas	I-18
Controlled Surface Use (CSU)	I-18
Heritage	I-19
No Surface Occupancy (NSO)	I-19
Management Area Prescriptions	I-19
No Surface Occupancy (NSO)	I-19
MA 1.2 Recommended for Wilderness	I-20
MA 1.31 Backcountry Recreation Nonmotorized	I-20
MA 2.2 Research Natural Areas	I-21
No Surface Occupancy (NSO)	I-22
MA 1.5 National River System: Wild Rivers Recommended	I-22
MA 3.51 Bighorn Sheep	I-22
No Surface Occupancy (NSO)	I-23
MA 2.1 Special Interest Areas - Heritage Resources	I-23
No Surface Occupancy (NSO)	I-24
MA 2.1 Special Interest Area - Paleontology, Geology	I-24
MA 2.1 Special Interest Areas - Heritage Resources	I-24
Controlled Surface Use (CSU)	I-25
MA 2.1 Special Interest Areas - Geology	I-25
Controlled Surface Use (CSU)	I-26

MA 2.1 Special Interest Areas - Zoological	I-26
MA 2.1 Special Interest Area - Paleontology	I-26
MA 3.63 Black-footed Ferret Reintroduction Habitat	I-27
Controlled Surface Use (CSU)	I-27
MA 2.1 Special Interest Area - Paleontology	I-27
Timing Limitation	I-28
MA 3.68 Big Game Range	I-28
Appendix J - Glossary	G-1
Appendix K - Supplemental Tables	K-1
Appendix L - Habitat Descriptions for Management Indicator Species	L-1
Plains Sharp-tailed Grouse	L-1
Mixed-Grass Prairie	L-1
Sand Hills Prairie	L-2
Greater Prairie Chicken	L-2
Tallgrass Prairie and Sand Hill Inclusions	L-2
Mixed-grass Prairie	L-3
Sand Hills Prairie	L-4
Sage Grouse	L-5
Black-tailed Prairie Dog	L-6
References Consulted	L-7
