This proposed Land and Resource Management Plan (Management Plan) was prepared according to the Secretary of Agriculture regulations (36 CFR 219), which are based on the Forest and Rangeland Renewable Resources Planning Act (RPA), as amended by the National Forest Management Act of 1976 (NFMA). This Management Plan also was developed in accordance with regulations (40 CFR 1500) for implementing the National Environmental Policy Act of 1969 (NEPA). Because this Management Plan is considered a major federal action significantly affecting the quality of the human environment, a detailed Draft Environmental Impact Statement (DEIS) has been prepared as required by NEPA and 36 CFR 219.

If any particular provision of the Management Plan, or the application thereof to any person or circumstances, is found to be invalid, the remainder of the Management Plan and the application of that provision to other persons or circumstances shall not be affected.

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status.
