

# **Measuring the Ability of Floodplains to Treat Urban Runoff in the Lake Tahoe Basin**

**Principal Investigator: Geoffrey Schladow**

## **Annual Accomplishments Update (October 1, 2008-September 30, 2009)<sup>†</sup>:**

The administrative details for this project were only completed in early September 2009, so the project is in the initial stages of set up at present. Two graduate students have been selected to work on the project and preparations for an initial meeting with Agency staff are being made.
