

VOLUME II

TABLE OF CONTENTS

	Page	
Appendix A	Wildland Fire Susceptibility Analysis	A-1
Appendix B	Aquatic Ecosystem Ratings for the Sierra Nevada and the Lake Tahoe Basin, based on the System of Moyle (1996)	B-1
Appendix C	Accounts of Focal Aquatic Ecosystems and Ecologically Significant Areas	C-1
Appendix D	Details of Models of Riparian Biodiversity and Community Diversity	D-1
Appendix E	Vascular Plants of the Lake Tahoe Basin	E-1
Appendix F	Nonvascular Plants of the Lake Tahoe Basin	F-1
Appendix G	Vertebrate Species of the Lake Tahoe Basin	G-1
Appendix H	Invertebrates of the Lake Tahoe Basin	H-1
Appendix I	Fungi of the Lake Tahoe Basin	I-1
Appendix J	Historical Changes in Vertebrate Species Composition	J-1
Appendix K	Focal Vascular Plant Species of the Lake Tahoe Basin	K-1
Appendix L	Designation of Focal Vertebrate Species for the Lake Tahoe Basin	L-1
Appendix M	Imperilment and Vulnerability of Lake Tahoe Basin Terrestrial Vertebrates	M-1
Appendix N	Focal Vertebrates of the Lake Tahoe Basin	N-1
Appendix O	Species Accounts for Select Focal Species	O-1
Appendix P	Biologists Queried in Determining Select Focal Species	P-1
Appendix Q	Recommended Conservation for Focal Species	Q-1
Appendix R	Recommended Monitoring for Focal Species	R-1
Appendix S	Draft List of Key Indicators Identified by the Socioeconomic and Institutional Working Group	S-1
