Appendix A. Survey instrument	33
Appendix B. Frequencies and percents of management problems reported or observed, management strategies, and comments on efficacy and seasonality	40
Management problem 1: Destruction/defacing of historic resources.....	42
Management problem 2: Soil erosion or trampling.....	48
Management problem 3: Litter or trash on roads or trails.....	56
Management problem 4: Graffiti or other vandalism.....	62
Management problem 5: Litter or trash at trail access points.....	68
Management problem 6: Conflicts with other four-wheelers on the trails.....	74
Management problem 7: Conflicts with people on horseback on the trails.....	79
Management problem 8: Conflicts with cattle on or near roads or trails.....	84
Management problem 9: Conflicts with mountain bikers on the trails.....	89
Management problem 10: Conflicts with hikers or backpackers on the trails.....	94
Management problem 11: Dangerous driving routes.....	99
Management problem 12: OHVs going too fast.....	104
Management problem 13: Alcohol use.....	111
Management problem 14: Large group of four-wheelers.....	117
Management problem 15: Dangerous drop-offs, mines, etc.....	123
Management problem 16: Four-wheelers going off established roads or trails.....	128
Management problem 17: Inexperienced drivers in difficult terrain.....	135
Management problem 18: Too many people at trail access points.....	141
Management problem 19: Too many four-wheelers on roads or trails.....	147
Management problem 20: Lack of safety flags.....	152
Management problem 21: Lack of safetywear (such as helmets, etc.).....	156
Management problem 22: Soil erosion or compaction.....	162
Management problem 23: Harassment of wildlife.....	168
Management problem 24: Vegetation damage (either food source or cover).....	173
Management problem 25: Reduction in size of habitat.....	179

Management problem 26:	Injuries or death of individual members of a species.....	183
Management problem 27:	Multiple land jurisdictions.....	187
Management problem 28:	Non-manageable wilderness boundaries.....	191
Management problem 29:	Dust near developed campgrounds.....	195
Management problem 30:	Noise and smoke.....	199
Management problem 31:	Wilderness trespass.....	204
Management problem 32:	Conflicts with skiers/snowshoers.....	209
Management problem 33:	Lack of consistent funding.....	214
Management problem 34:	Conflict with owners of private land.....	218
Appendix C. General respondent comments on OHV use		222
