NOTES:

ZCOMM reflects actions common to Action Alternatives B, C, and D. To get total mileage for these alternatives add ZCOMM to their mileage.

HUNT code is used to summarize restrictions that apply to hunting season. In Alt A it shows routes that were restricted only during hunting season but not during the winter. For Action Alts B, C, and D it shows roads that would be affected by the forest-wide area restriction to over-snow vehicle use during the core of the big-game hunting season from 10/1-11/15.

AREA code shows trails that would be affected either by the forest-wide restriction to over-snow vehicle use from 10/1 -11/15 or by other area-based restrictions that are yearlong. See the winter use map to clarify which restriction applies.
