

Summer Travel Management Changes by Reason for Change and District

(For Vehicles That Will Be Addressed on Motor Vehicle Use Maps)

RP-303

Clearwater NF Travel Planning

WHAT THIS REPORT SHOWS

This report highlights only the changes to specific ROUTES that are being analyzed in the Clearwater NF Travel Plan EIS for summer traffic (not oversnow). The route changes are shown here to enable an easy comparison to the existing condition.

WHAT THIS REPORT DOES NOT SHOW

The report does not show routes that are coded as Non-Probable motorized routes because they were either:

A) Roads that were not in the Travel Guide because they are overgrown and were not suggested as a motorized route by the public.

B) Trails that were not in the Travel Guide because they are in storage (STO) status and were either not suggested as a motorized trail by the public or did not pass the screening process for suggestions.

LEGEND

Route Numbers		Restrictions	
<u>Route Not Previously in Travel Guide</u>		Proposed Restriction Highlighted Where Changed	
		Current Restriction	
DISTRICTS		VEHICLE TYPES	
2 - Palouse	FROM Beginning and ending mileposts for the	VEH	All vehicles over 50 inches in width measured at their widest point. Includes UTV's.
3 - North Fork	TO restricted segment.	MOT	All two-wheeled motorized vehicles including motorcycles and trail bikes.
5 - Lochsa		ATV	All vehicles with three or more wheels that are less than 50 inches in total width measured at their widest point, with a saddle style seat that is straddled by the operator and steered with handlebars..
6 - Powell
