

Mechanized Vehicle / Bicycle Travel Management Changes

Clearwater NF Travel Plan

RP-306

WHAT THIS REPORT SHOWS

This report highlights selected changes to mechanized vehicle (including bicycles) restrictions that are being analyzed in the Clearwater NF Travel Plan EIS. For Alternatives B, C, and D it shows only routes where the restrictions vary by alternative. The changes shown here to enable an easy comparison to restrictions in the existing condition (the no-action alternative). ZCOMM shows the restrictions that are common to alternatives B, C, and D.

WHAT THIS REPORT DOES NOT SHOW

The report does not show the effect of AREA restrictions on mechanized vehicle travel on Storage (STO) Trails in MA B2 Recommended Wilderness as these few trails are not physically travellable with bicycles at present. See maps for that information.
