

# The Existing Condition showing Changes From The 2005 Travel Guide

## Clearwater NF Travel Plan

RP-703

### WHAT THIS REPORT SHOWS

*This report shows changes from the initial designated system as displayed in the 2005 Travel Guide that are now considered part of the existing condition. These changes are limited to minor error corrections to 2005 Travel Guide information and to NEPA decisions that were made after publication of the 2005 Travel Guide. These changes are not part of the Clearwater NF Travel Plan analysis or decision. The reasons for the changes are indicated and the changes are highlighted. Highlighted items include corrections like not considering roads already obliterated or not under FS jurisdiction, and restriction changes and road decommissioning commitments made in NEPA decisions since the Travel Guide was published in 2005.*

### WHAT THIS REPORT DOES NOT SHOW

*This report does not show changes that are being analyzed in the Travel Planning process.*
