

June 2008

**Position Description – Northern Region
Bucket Truck Operator
THSP – Exception Position 4 – Level AD-I**

This position requires the specialized skill to operate a bucket truck that is owned by the USDA Forest Service. A bucket truck (boom type) was identified as required equipment to facilitate the removal of structure wrap and staples.

Special training is required to operate this truck. In addition, the operator must meet OSHA and Forest Service training and licensing standards. Proof of proper certification must be provided.
