

June 2010

**Position Description – Northern Region
Small Engine Mechanic
THSP – Exception Position 3 – AD-F**

Position repairs and maintains specialized gasoline powered equipment, such as portable fire pumps, chainsaws, generators, hose rollers, outboard boat engines, and a variety of motorized equipment.

Maintains and repairs support items which require working to close tolerances, such as electric staple guns, hose rollers, and electric banding machines. May also include minor maintenance and repairs to other equipment such as forklifts and hose washing machines.
