

Hemlock Elk Fuels Reduction and Forest Health Environmental Assessment  
Table of Contents

---

## TABLE OF CONTENTS

### Chapter 1: Purpose and Need for Action

Document Structure .....	1-1
Project Area .....	1-1
Historical Condition .....	1-2
Existing Condition .....	1-2
Desired Condition .....	1-3
Management Direction .....	1-4
Purpose and Need .....	1-4
Proposed Action .....	1-4
Project Scope .....	1-5
Decisions to be Made .....	1-6
Applicable Laws and Executive Orders .....	1-6
Information Sources .....	1-7

### Chapter 2: Alternatives Considered

Introduction .....	2-1
Public Involvement and the Scoping Process .....	2-1
Issues .....	2-2
Range of Alternatives .....	2-3
Alternatives Not Considered in Detail .....	2-4
Alternatives Considered in Detail .....	2-5
Activities Common to the Action Alternatives .....	2-5
Resource Enhancement Projects (Map 2-1) .....	2-9
Design Criteria .....	2-10
Activities Specific to the Action Alternatives .....	2-11
Comparison of Alternatives .....	2-20
Comparison of Environmental Effects .....	2-21
Management Requirements and Design Criteria .....	2-24

### Chapter 3: The Affected Environment and Environmental Consequences

Introduction .....	3-1
Project Area .....	3-1
Definitions .....	3-1
Affected Environment Analysis .....	3-2
Environmental Consequences .....	3-3
Forest Plan Management Direction .....	3-8

#### Soils

Introduction .....	3-9
Analysis Area Description .....	3-9
Data Sources, Methods, and Assumptions Used .....	3-9
Description of Measurement Indicators .....	3-10
Affected Environment .....	3-12
Environmental Consequences .....	3-17
Regulatory Framework and Consistency .....	3-31

# Hemlock Elk Fuels Reduction and Forest Health Environmental Assessment

## Table of Contents

---

### **Forest Vegetation**

Introduction .....	3-33
Analysis Area.....	3-33
Data Sources, Methods, and Assumptions Used.....	3-33
Description of Measurement Indicators.....	3-36
Affected Environment .....	3-36
Environmental Consequences.....	3-50
Regulatory Framework and Consistency .....	3-62

### **Invasive Plant Species Noxious Weeds**

Introduction .....	3-65
Analysis Area.....	3-65
Data Sources, Methods, and Assumptions Used.....	3-65
Description of Measurement Indicators.....	3-66
Affected Environment .....	3-66
Environmental Consequences.....	3-71
Regulatory Framework and Consistency .....	3-80

### **Threatened and Sensitive Plant Species**

Introduction .....	3-81
Analysis Area.....	3-81
Data Sources, Methods, and Assumptions Used.....	3-82
Description of Measurement Indicators.....	3-83
Affected Environment .....	3-83
Environmental Consequences.....	3-88
Regulatory Framework and Consistency .....	3-97

### **Fire and Fuels**

Introduction .....	3-99
Analysis Area.....	3-99
Data Sources, Methods, and Assumptions Used.....	3-100
Description of Measurement Indicators .....	3-100
Affected Environment .....	3-100
Environmental Consequences.....	3-111
Regulatory Framework and Consistency .....	3-116

### **Air Quality**

Introduction .....	3-117
Analysis Area.....	3-118
Data Sources, Methods, and Assumptions Used.....	3-118
Description of Measurement Indicators .....	3-118
Affected Environment .....	3-119
Environmental Consequences.....	3-121
Regulatory Framework and Consistency .....	3-126

### **Water Resources**

Introduction .....	3-127
Analysis Area.....	3-127

# Hemlock Elk Fuels Reduction and Forest Health Environmental Assessment

## Table of Contents

---

Data Sources, Methods, and Assumptions Used.....	3-128
Description of Measurement Indicators.....	3-128
Affected Environment .....	3-130
Environmental Consequences.....	3-132
Regulatory Framework and Consistency .....	3-138

### **Fisheries**

Analysis Area.....	3-141
Data Sources, Methods, and Assumptions Used.....	3-141
Description of Measurement Indicators.....	3-143
Affected Environment .....	3-144
Environmental Consequences.....	3-150
Regulatory Framework and Consistency .....	3-158

### **Threatened and Endangered Wildlife Species**

Introduction .....	3-161
--------------------	-------

#### **Canada Lynx**

Analysis Area .....	3-161
Data Sources, Methods, and Assumptions Used .....	3-161
Description of Measurement Indicators .....	3-162
Affected Environment.....	3-162
Environmental Consequences .....	3-163
Regulatory Framework and Consistency .....	3-169

#### **Gray Wolf**

Data Sources, Methods, and Assumptions Used .....	3-170
Description of Measurement Indicators .....	3-170
Affected Environment.....	3-171
Environmental Consequences .....	3-171
Determination.....	3-175

#### **Grizzly Bear**

Analysis Area .....	3-175
Data Sources, Methods, and Assumptions Used .....	3-175
Description of Measurement Indicators .....	3-175
Affected Environment.....	3-176
Environmental Consequences .....	3-177
Regulatory Framework and Consistency .....	3-183

### **Old Growth Associated Wildlife Species**

Introduction .....	3-185
Analysis Area.....	3-188
Data Sources, Methods, and Assumptions Used.....	3-188
Description of Measurement Indicators.....	3-188
Affected Environment .....	3-188
Environmental Consequences.....	3-190
Regulatory Framework and Consistency .....	3-194

### **Wildlife Sensitive Species**

Introduction .....	3-197
--------------------	-------

# Hemlock Elk Fuels Reduction and Forest Health Environmental Assessment

## Table of Contents

---

Analysis Area.....	3-197
<b>Black-backed Woodpecker</b>	
Data Sources, Methods, and Assumptions Used .....	3-197
Description of Measurement Indicators .....	3-198
Affected Environment.....	3-198
Environmental Consequences .....	3-198
Determination.....	3-200
<b>Fisher</b>	
Data Sources, Methods, and Assumptions Used .....	3-201
Description of Measurement Indicators .....	3-201
Affected Environment.....	3-201
Environmental Consequences .....	3-202
Determination.....	3-205
<b>Western (Townsend's) Big-Eared Bat</b>	
Data Sources, Methods, and Assumptions Used .....	3-205
Description of Measurement Indicators .....	3-205
Affected Environment.....	3-206
Environmental Consequences .....	3-207
Determination.....	3-207
<b>Western (Boreal) Toad</b>	
Data Sources, Methods, and Assumptions Used .....	3-207
Description of Measurement Indicators .....	3-208
Affected Environment.....	3-208
Environmental Consequences .....	3-208
Determination.....	3-209
<b>Wolverine</b>	
Data Sources, Methods, and Assumptions Used .....	3-210
Description of Measurement Indicators .....	3-210
Affected Environment.....	3-210
Environmental Consequences .....	3-211
Determination.....	3-212
Regulatory Framework and Consistency .....	3-213
<b>Wildlife Snag and Down Woody Dependent Species</b>	
Introduction .....	3-215
Analysis Area.....	3-216
Data Sources, Methods, and Assumptions Used.....	3-216
Description of Measurement Indicators .....	3-216
Affected Environment .....	3-216
Environmental Consequences.....	3-217
Regulatory Framework and Consistency .....	3-220
<b>Management Indicator Species – Commonly Hunted Big Game</b>	
Introduction .....	3-221
Analysis Area.....	3-221
Data Sources, Methods, and Assumptions Used.....	3-221
Description of Measurement Indicators .....	3-221

# Hemlock Elk Fuels Reduction and Forest Health Environmental Assessment

## Table of Contents

---

Affected Environment .....	3-222
Environmental Consequences.....	3-223
Regulatory Framework and Consistency .....	3-228

### **Migratory Birds**

Introduction .....	3-229
Analysis Area.....	3-231
Data Sources, Methods, and Assumptions Used.....	3-231
Description of Measurement Indicators.....	3-231
Affected Environment .....	3-232
Environmental Consequences.....	3-232
Regulatory Framework and Consistency .....	3-234

### **Recreation, Wilderness, and Range**

Introduction .....	3-237
Analysis Area.....	3-237
Affected Environment .....	3-237
Environmental Consequences.....	3-239
Regulatory Framework and Consistency .....	3-240

### **Heritage Resources**

Introduction .....	3-241
Analysis Area.....	3-241
Data Sources, Methods, and Assumptions Used.....	3-241
Affected Environment .....	3-241
Environmental Consequences.....	3-241
Regulatory Framework and Consistency .....	3-243

### **Scenery Resource**

Introduction .....	3-245
Analysis Area.....	3-245
Data Sources, Methods, and Assumptions Used.....	3-245
Description of Measurement Indicators.....	3-246
Affected Environment .....	3-247
Environmental Consequences.....	3-247
Regulatory Framework and Consistency .....	3-249

### **Lands**

Introduction .....	3-251
Analysis Area.....	3-251
Affected Environment .....	3-251
Environmental Consequences.....	3-253
Regulatory Framework and Consistency .....	3-255

# Hemlock Elk Fuels Reduction and Forest Health Environmental Assessment

## Table of Contents

---

### Economics

Introduction .....	3-257
Data Sources, Methods, and Assumptions Used.....	3-257
Analysis Area.....	3-259
Affected Environment .....	3-259
Environmental Consequences.....	3-259
Regulatory Framework and Consistency .....	3-265

### Required Disclosures

Potential Conflicts with Plans and Policies of Other Jurisdictions.....	3-267
Probable Environmental Effects that Cannot be Avoided .....	3-266
Relationship between Short-Term and Long-Term Productivity .....	3-266
Irreversible and Irretrievable Commitments of Resources .....	3-267
Specifically Required Disclosures .....	3-268

### Appendices

Appendix A – Monitoring Plan	
Appendix B – Best Management Practices	
Appendix C – Silvicultural Practices	
Appendix D – Bibliography, Glossary, and Acronyms	
Appendix E – List of Preparers	

### List of Tables

Table 2-1. Treatment Summary by Alternative .....	2-8
Table 2-2. Resource Enhancement Projects .....	2-9
Table 2-3. Temporary Roads Needed for Alternative B .....	2-11
Table 2-4. Summary of Proposed Treatment Activities for Alternative B.....	2-12
Table 2-5. Proposed Treatment Activities for Alternative B .....	2-13
Table 2-6. Temporary Roads Needed for Alternative C .....	2-14
Table 2-7. Summary of Proposed Treatment Activities for Alternative C.....	2-15
Table 2-8. Proposed Treatment Activities for Alternative C .....	2-16
Table 2-9. Temporary Roads Needed for Alternative D .....	2-18
Table 2-10. Summary of Proposed Treatment Activities for Alternative D.....	2-18
Table 2-11. Proposed Treatment Activities for Alternative D .....	2-24
Table 2-12. Comparison of Alternatives – How They Respond to the Purpose and Need.....	2-20
Table 2-13. Comparison of Alternatives – How They Respond to the Key Issues .....	2-21
Table 2-14. Comparison of Environmental Effects by Alternative.....	2-21
Table 2-15 Management Requirements and Design Criteria .....	2-24
Table 3-1. Past Actions Considered In The Cumulative Effects Analysis.....	3-4
Table 3-2. Present And Reasonably Foreseeable Actions Considered in the Cumulative Effects Analysis .....	3-6
Table 3-3. Management Area Descriptions, Emphasis, and Management Area Acres for the Hemlock Elk Project .....	3-8
Table 3-4. Landtypes and Units .....	3-12
Table 3-5 Current Conditions of the Hemlock Elk Proposed Units.....	3-16
Table 3-6 Acres by Treatment and Predicted Additional Detrimental Disturbance.....	3-19
Table 3-7 Cumulative Effects for Alternatives B and C.....	3-25
Table 3-8 Cumulative Effects for Alternative D .....	3-27
