

**AGENCIES, ORGANIZATIONS, AND PEOPLE RECEIVING THE DEIS OR SUMMARY DOCUMENT**

A letter sent May 16, 2002 to all organizations or persons who sent comments during the scoping period asked if the respondent wished to receive a draft environmental impact statement or only the summary document. Because not everyone responded to our letter, we sent the DEIS to State and federal agencies and organizations and individuals who asked for the entire document. Those who did not respond received the summary document. Anyone wishing to receive the entire document may ask for one through any of the addresses listed in Chapter 1, page 1-1.
