General Vicinity Map

This map was generated from electronic data files (GIS coverages) which were scanned or digitized from information compiled at 1:24,000 scale. The data on this map is based on the accuracy and precision of the 1:24,000 USGS quad maps, and 10-meter resolution satellite imagery which were used to generate or rectify map data. This map is to be used as a reference only, and is not intended for use in site-specific planning. The information on this map is subject to revision as field data and technical processes improve.
