### CONSULTATION / COORDINATION

The Forest Service consulted informally with the following Federal, state and tribal agencies during the development of this environmental impact statement:

#### **FEDERAL, STATE, AND LOCAL AGENCIES:**

U.S. Fish and Wildlife Service

Montana Department of Fish, Wildlife, and Parks

#### **TRIBES:**

Blackfeet Nation

## DISTRIBUTION OF THE DEIS

A “summary” of the “draft” environmental impact statement and maps of the five alternatives were mailed to 1,848 individuals and organizations who provided mailing addresses during the scoping process. Many of these individuals and organizations submitted substantive comments on the proposed action.

The entire text of the DEIS along with the alternative maps was posted on the website for the Lewis and Clark National Forest, and was therefore available electronically to anyone wishing to view or download it. Likewise, the “summary” was posted on the website.

In addition, hardcopies of both the “summary” and the entire “DEIS” were sent to the following Federal agencies, federally recognized tribes, and State agencies.
