

SAR - Forest Plan - Chapter 3 - 132

<i>Comment #</i>	<i>Comment</i>
------------------	----------------

0021622-003	* adopt the Citizens' Alternative for wild and scenic rivers which nominates some rivers overlooked by the Forest Service and drops the glaciers and some rivers that do not qualify. It calls for mile-wide protected river corridors. In Addition to the Copper, particularly important rivers are the Martin, Bering, and Katalla rivers, Alaganik Slough, and Martin and Bering Lakes.
0021620-002	Please recommend all eligible wild and scenic rivers for designation, including the Copper, Martin, Bering, Katalla Rivers, Alaganik Slough, and Martin and Bering Lakes. In addition the Forest Service should recommend the most protective classification for which a river is eligible.
0021692-004	
0021692-005	In Addition to the Copper, particularly important rivers are the Martin, Bering, and Katalla rivers, Alaganik Slough, and Martin and Bering Lakes.
0022724-004	Some wild river designations on the Kenai Peninsula, some specific motorized areas on Kenai Peninsula or motorized corridors.
0026416-002	Additionally, all eligible wild and scenic rivers forest-wide should be recommended, including the Copper, Martin, Bering, Katalla Rivers, Alaganik Slough, and Martin and Bering Lakes.
0026441-002	Additionally, all eligible wild and scenic rivers forest-wide should be recommended, including the Copper, Martin, Bering, Katalla Rivers, Alaganik Slough, and Martin and Bering Lakes.
0026469-002	Additionally, all eligible wild and scenic rivers forest-wide should be recommended, including the Copper, Martin, Bering, Katalla Rivers, Alaganik Slough, and Martin and Bering Lakes.

0026470-002

I highly recommend ALL eligible wild and scenic rivers including the Copper, Martin, Bering, Katalla Rivers, Alaganik Slough, and Martin and Bering Lakes.

0026471-002

I recommend ALL eligible wild and scenic rivers including the Copper, Martin, Bering, Katalla Rivers, Alaganik Slough, and Martin and Bering Lakes.

0026540-001

I would HATE to see any of Alaska's rivers or creeks altered or developed for personal or commercial use.

Following are the two points of greatest importance:

1) The entire Nellie Juan River should be considered wild under the wild and scenic rivers act.

2) The entire watershed of the Nellie Juan should be remain in wilderness as recommended in the 1984 plan.

0026565-002

Sincerely,
Additionally, all eligible wild and scenic rivers forest-wide should be recommended, including the Copper, Martin, Bering, Katalla Rivers, Alaganik Slough, and Martin and Bering Lakes.

0026578-003

Specifically, within the Copper River Delta, I would like to see Copper River, Martin River, the Bering River, the Katalla River, the Alaganik River, the Slough River and the Martin and Bering Lakes protected as wild and scenic watersheds.

0027001-002

Change Twentymile River tram scenic to wild.

0029258-002

I urge the Forest Service to:
A Recommend wild river designation for the Twentymile River System, the Snow River, the entire Nellie Juan River, and the Upper Russian River;

0029258-003

*Study the roadless Seattle Creek and Resurrection River for potential designation as wild rivers and recommend Sixmile Creek for scenic river designation;
