

SAR - Forest Plan - Chapter 3 - 341

Comment # Comment

- 0021777-002 While on the subject you have another proposed RNA over at Olsen Bay, couldn't this proposed area be [Illegible] down to a smaller size do you really need all that area there is proposed.
- 0027589-005 G. 'Prescriptions' Category 3 #341 on the Activity Matrix. Change N to C or Y on Developed Recreation-Reduced Noise to prevent future conflicts concerning noise generation from natural resource extraction.
- 0028568-002 I am very interested in seeing the establishment of a staffed hut-to-hut system that caters to multiple parties in Alaska --similar to what I have experienced in Europe and New Zealand. I have been following the efforts of the Alaska Mountain and Wilderness Huts Association and applaud their efforts. I have learned, through watching their experience, that finding a suitable location for such a system in Alaska is surprisingly difficult, particularly a hut-to-hut system that caters to quiet sports enthusiasts. The Ptarmigan Lake-Snow River loop in the Chugach National Forest is one of the best candidates for such a system within reasonable proximity of the market needed to make such a system economically feasible. I urge you to adopt a management designation for this area that allows a hut system and is focused on quiet uses.
- 0029080-009 NATURAL QUIET. I appreciate and support the recognition of natural quiet as a resource, responsible management of summer ATV's & the new Developed Recreation/Reduced Noise. Regarding the winter recreation opportunities, I support your time-share for the Twentymile and proposals like the ones for Lost Lake, winner Creek, Seattle Creek, Bear Valley, and Skookum Glacier. Establish a recreation plan that is truly fair & balanced by also closing to snowmachines (either with full closures or time-shares): Johnson Pass Trail (north end), Snow River (South Fork), Fresno Ridge, Carter/Crescent lakes, Russian River Trail, Jack and Sawmill Bays.
Helicopter overflights & landings must be greatly reduced.

Jet skis and airboats should not be allowed in the National Forest.
- 0035082-006 Remove RNA prescription from Grandview, primrose and Court lane.
- 0035083-004 Remove 'reduce noise area' prescriptions on: Coeur' d'Alene, grand view & primrose campgrounds.

Comment # Comment

- 0035088-004 Remove RN prescriptions on: Coeur' d'Alene, grand view & primrose camp grounds.
- 0035090-004 'Reduce noise area' prescriptions on: Coeur' d'Alene, Grandview & primrose campgrounds.
- 0035093-004 Remove 'reduce noise area' prescriptions on Coeur' d'Alene Grandview & primrose campgrounds.
- 0035095-004 Remove 'reduce noise area' prescriptions on: Coeur' d'Alene, Grandview & primrose campgrounds.
- 0035097-004 Remove 'Reduce noise area' prescriptions on: Coeur d'Alene Grandview & primrose campgrounds.
- 0035100-003 Remove R.N.A. prescription from Coeur' d'Alene, Grandview primrose campgrounds,
- 0035101-004 Remove 'Reduce noise area' prescriptions on Coeur' d'Alene, Grandview & primrose campgrounds.
- 0035103-004 Remove R.N.A. prescription from Coeur' d'Alene, Grandview primrose campgrounds,
- 0035105-004 Remove R.N.A. prescription from Coeur' d'Alene, Grandview primrose campgrounds,

Comment # Comment

- 0035106-004 Remove 'Reduce noise area' prescriptions on:
Coeur' d'Alene, Grandview & primrose campgrounds.
- 0035109-004 Remove 'reduce noise area' prescriptions
on: Coeur D'Alene Grandview & primrose campgrounds.
- 0035118-004 Remove 'reduce noise area' prescriptions
on: Coeur' D'Alene, Grandview & Primrose Campgrounds.
- 0035120-004 remove R. N. A. prescription from Coeur
D'Alane, Grandview, & Primrose.
- 0035121-004 remove R. N. A. prescription from Coeur
D'Alane, Grandview, & Primrose.
- 0035122-004 remove R. N. A. prescription from Coeur
D'Alane, Grandview, & Primrose.
- 0034394-003 I currently support Wilderness and wild River designations and Reduced
Noise prescriptions in the Chugach; the Copper River Delta Wetlands
(east and west of the River); the Kenai River Headwaters; the College
Fjord/Nellie Juan/Whit tier region including Ignot, Story, Naked,
Eleanor, Peak, Disk, and Smith Islands and including removing the 313
prescription for facility development on Glacier Island; Knight island;
Montague Island; Twentymile River Valley; Resurrection Creek-Russian
River area; the Resurrection Pass Trail corridor.

0034887-003 Developed Recreation - Reduced Noise Prescription

I am opposed to the way this prescription was used in the area near Primrose Campground and the Devils Pass area near Summit Lake.

This prescription was not created to be laid across a big area. Per the theme on page 3-85, It is for site specific areas only. Therefore all the polygons that have the 'pink' coloration need to be changed to a different prescription. These include the following polygons: K212, K147, 148,151,153,157,161,164, etc. Perhaps the backcountry nonmotorized would be the prescription of choice?

For those areas that the prescription was used correctly. I am opposed to it for the Primrose Campground. This campground is directly adjacent to private landowners and has an active boat launch at the entrance of the campground (which could get even busier if the Ranger closes the Kenai Lake Work Center boat launch as is rumored). Also Kenai Lake is typically used for a flight path for many private pilots and for sightseeing trips originating from Moose Pass and Seward. There is no way the Forest Service can provide the Vs mile buffer of reduced human generated noises with these existing conditions.

A better campground for this prescription would be the Granite Creek campground or the Bertha Creek Campground. These campgrounds are fairly quiet already and can be managed with this human reduced noise much easier than Primrose Campground.

0034908-002 I specifically support the designation of the acreage around the Eagle Glacier Training centre as Reduced Noise Developed Recreation.

0034919-002 Developed Recreation - Reduced Noise Prescription

I am opposed to the way this prescription was used in the area near Primrose Campground and the Devils Pass area near Summit Lake.

This is a site prescription it was not intended to be used at the landscape level. Per the theme on page 3-85, It is for site-specific areas only. Therefore all the polygons that have the 'pink' coloration need to be changed to a different prescription. These include the following polygons: K212, K147, 148, 151, 153, 157, 161, 164, etc.

0034929-008 We appreciate the many steps the Service has taken in the plan to begin to restore natural quiet, such as the clear recognition of this resource, the new Developed Recreation/Reduced Noise prescription, the continued control of summer ATVs, and the new quiet winter recreation opportunities, including the alternate year time-share for the Twentymile valley.

0034950-002 Remove R.N.A. prescription from [Illegible] D'Alane Grandview, & Primrose campgrounds,

0034951-004 remove RNA prescription from Coeur D'Alane, Grandview; & Primrose campgrounds.
