

**FSH 2509.22 – SOIL AND WATER CONSERVATION HANDBOOK
CHAPTER 10 – WATER QUALITY MANAGEMENT FOR
NATIONAL FOREST SYSTEM LANDS IN ALASKA**

Table of Contents

11 – INTRODUCTION.....	5
11.1 - BMP Application.....	6
11.2 - BMPs as Administrative, Preventive, and Corrective Actions.....	6
11.3 – Development Considerations	7
11.4 – NEPA and Interdisciplinary Involvement.....	8
11.5 – Training.....	8
11.6 – Monitoring Process	9
11.61 – Monitoring	9
11.62 – Evaluation	12
11.63 – Refinement	12
11.7 - Format.....	18
12 – WATERSHED MANAGEMENT	19
12.1 – PRACTICE: Cumulative Watershed Effects Analysis.....	19
12.2 – PRACTICE: Rehabilitation After Mass Wasting	21
12.3 – PRACTICE: Watershed Rehabilitation Planning and Implementation.....	21
12.4 – PRACTICE: Floodplain Identification, Evaluation, and Protection.....	22
12.5 – PRACTICE: Wetland Identification, Evaluation, and Protection	23
12.6 – PRACTICE: Riparian Area Designation and Protection	26
12.6a – PRACTICE: Buffer Design and Layout.....	28
12.8 – PRACTICE: Oil Pollution Prevention and Servicing/Refueling Operations	30
12.9 – PRACTICE: Oil and Hazardous Substances Pollution Contingency Planning	31
12.10 - PRACTICE: Control of Activities Under Special Use Permit.....	32
12.13 – PRACTICE: Administrative Site Planning and Management.....	33
12.14 – PRACTICE: Planning, Design, and Management Utility Corridors.....	33
12.15 – PRACTICE: Management of Sanitary Facilities and Sanitary Guidelines for Temporary Camps and Primitive Developments.....	34
12.16 – PRACTICE: Control of Solid Waste Disposal	35
12.17 – PRACTICE: Revegetation of Disturbed Areas.	37
13 - TIMBER MANAGEMENT	38
13.1 – PRACTICE: Timber Sale Planning	39
13.2 – PRACTICE: Timber Harvest Unit Design	40
13.3 – PRACTICE: Designating Water Quality Protection Needs on Sale Area/Unit Release Maps.....	40
13.4 – PRACTICE: Timber Sale Operating Schedule.....	42
13.5 – PRACTICE: Identification and Avoidance of Unstable Areas	43
13.9 – PRACTICE: Determining Guidelines for Yarding Operations	43
13.10 – PRACTICE: Log Landing Location and Design.....	46
13.11 – PRACTICE: Scheduling and Enforcement of Erosion Control Measures During Timber Sale Operations	48
13.12 – PRACTICE: Site Preparation	48
13.14 – PRACTICE: Completion of Erosion Control for Unit Acceptance and Sale Closure	49
13.16 – PRACTICE: Stream Channel Protection (Implementation and Enforcement)	50
13.17 – PRACTICE: Nonrecurring "C" Provisions For Soil and Water Quality Protection...	54

FSH 2509.22 – SOIL AND WATER CONSERVATION HANDBOOK
CHAPTER 10 – WATER QUALITY MANAGEMENT FOR
NATIONAL FOREST SYSTEM LANDS IN ALASKA

13.18 – PRACTICE: Modification of the Timber Sale Contract	55
14 - TRANSPORTATION AND OTHER FACILITIES MANAGEMENT	58
14.1 – PRACTICE: Transportation Planning	58
14.2 – PRACTICE: Location of Transportation Facilities	59
14.3 – PRACTICE: Design of Transportation Facilities	60
14.4 – PRACTICE: Location, Permitting, and Design of Log Transfer Facilities (LTFs)	61
14.5 – PRACTICE: Road and Trail Erosion Control Plan	63
14.6 – PRACTICE: Timing Restrictions for Construction Activities	69
14.7 – PRACTICE: Measures to Minimize Mass Failures.....	70
14.8 – PRACTICE: Measures to Minimize Surface Erosion	72
14.9 – PRACTICE: Drainage Control to Minimize Erosion and Sedimentation	73
14.10 – PRACTICE: Pioneer Road Construction.....	75
14.11 – PRACTICE: Timely Erosion Control For Incomplete Projects	77
14.12 – PRACTICE: Control of Excavation and Sidecast Material.....	77
14.14 – PRACTICE: Control of In-Channel Operations.....	78
14.15 – PRACTICE: Diversion of Flows Around Construction Sites	79
14.17 – PRACTICE: Bridge and Culvert Design and Installation	80
14.18 – PRACTICE: Development and Rehabilitation of Gravel Sources and Quarries.....	82
14.19 – PRACTICE: Disposal of Construction Slash and Stumps.....	83
14.20 – PRACTICE: Road Maintenance.....	84
14.22 – PRACTICE: Access and Travel Management.....	86
14.23 – PRACTICE: Snow Removal Operations	86
14.24 – PRACTICE: Road Obliteration	87
14.25 – PRACTICE: Surface Erosion Control at Facilities.....	88
14.26 – PRACTICE: Daily LTF Cleanup.....	89
14.27 – PRACTICE: Log Storage/Sort Yard Erosion Control.....	89
15 - PESTICIDE-USE MANAGEMENT.....	92
15.1 – PRACTICE: Pesticide-Use Planning.....	92
15.2 – PRACTICE: Follow Pesticide Label and EPA Registration Directions.....	93
15.4 – PRACTICE: Pesticide Spill Contingency Planning	93
15.5 – PRACTICE: Protection of Water Quality, Wetlands, and Riparian Areas During Pesticide Application	94
16 - RECREATION MANAGEMENT	95
16.1 – PRACTICE: Recreation Facilities Planning and Location	95
16.4 – PRACTICE: Trail Construction and Maintenance	96
16.5 – PRACTICE: Management of Off-Highway Vehicle Use.....	97
17 - MINERALS MANAGEMENT	98
17.1 – PRACTICE: Mining Site Conditions, Planning, and Design	100
17.2 – PRACTICE: Placer Mining - (NPDES) Permits	104
17.3 – PRACTICE: Hard Rock Mining.....	106
17.4 – PRACTICE: Permits and Administration of Geophysical Operations	107
17.5 – PRACTICE: Site Closure and Rehabilitation.....	108
17.6 – PRACTICE: Abandoned Mine Land Reclamation.....	108
18 - FISH AND WILDLIFE HABITAT MANAGEMENT.....	109
18.1 – PRACTICE: Fish and Wildlife Habitat Improvement Planning	110

**FSH 2509.22 – SOIL AND WATER CONSERVATION HANDBOOK
CHAPTER 10 – WATER QUALITY MANAGEMENT FOR
NATIONAL FOREST SYSTEM LANDS IN ALASKA**

18.2 – PRACTICE: Development of Groundwater-fed Spawning and Rearing Habitat from Gravel Extraction and Other Sites	110
18.3 – PRACTICE: In-Channel Excavation or Disturbance During Fish and Wildlife Habitat Improvement Projects	111
18.4 – PRACTICE: Ground Fertilization for Wildlife Habitat Improvement	112
18.5 – PRACTICE: Lake Fertilization for Fish Habitat Improvement.....	113
19 - FIRE SUPPRESSION AND FUELS MANAGEMENT.....	113
19.1 – PRACTICE: Fire and Fuel Management Activities and Prescriptions.....	114
19.2 – PRACTICE: Protection of Water Quality Through Prescribed Burning Prescriptions	114
19.3 – PRACTICE: Minimizing Watershed Impacts from Fire Suppression Efforts	115
19.4 – PRACTICE: Stabilization of Fire Suppression Related Watershed Damage.....	116
19.5 – PRACTICE: Emergency Watershed Rehabilitation	116
