

Public Service Announcement TONGASS NATIONAL FOREST

24 June, 2011

Project proposals for funding through the Secure Rural Schools Act Lynn Canal-Icy Strait Resource Advisory Committee (LC-IS RAC) are currently being accepted. Projects must meet the purposes of improving or maintaining existing infrastructure (roads & trails), implementing stewardship objectives that enhance forested ecosystems, and/or restoring and improving land health and water quality on National Forest System lands.

The LC-IS RAC has an estimated \$1 million to fund natural resource-related projects on or directly affecting National Forest System lands around the communities of Haines, Gustavus, Hoonah, Pelican, and Angoon.

Project proposals will be accepted by the LC-IS RAC only on the approved project submittal form. Forms are available online at <http://goo.gl/tnSEV>. Complete project proposals must be received by the Hoonah Ranger District or Admiralty Island National Monument by July 21, 2011. Proposal forms will be accepted through the LC-IS RAC website, email, fax or hardcopy. The RAC will meet to review and recommend projects for funding on August 12, 2011 until all funds are committed.

If you have questions or would like to collaborate in developing a proposal, please contact the Lynn Canal-Icy Strait RAC Coordinator, Debra Robinson, at drobinson03@fs.fed.us or 907-586-8800.
