AMENDMENT NUMBER 29

May 2002

Page Code

Superseded New

Forest Plan Amendment No. 29
(date)

Reason For This Amendment:

A decision has been made to establish the Dicks Peak Electronic Site. A site at this location is needed for local communication purposes and will lend itself to improvement of the regional radio communications network.

Amendment Number 29:

The north portion of the Forest Plan Map is modified to show the newly-established site. See the attached sheet for the site's location.

I have determined that, according to 36 CFR Part 219.10(f), this is not a significant amendment to the Forest Plan .
