MANAGEMENT AREAS

Management areas are groupings of capability areas which will be managed with a particular emphasis through application of a specific combination of multiple-use practices. The management emphasis or the areas to which an emphasis applies may vary between alternatives.

MANAGEMENT AREA 1D - Management emphasis is for major oil and gas pipelines, major water transportation and slurry pipelines, electrical transmission lines, and transcontinental telephone lines. Activities within these corridors and sites will be compatible with the adjacent management area direction.

4B MANAGEMENT AREA 4B - Provides wildlife habitat needs and permits dispersed motorized and nonmotorized recreation and sustained forage yield.

6B MANAGEMENT AREA 6B - Emphasizes management for livestock grazing. Intensive grazing management systems are favored over extensive systems.

9A MANAGEMENT AREA 9A - Riparian area management. Resource use will be managed to protect, maintain, or improve riparian areas. Vegetation treatment will enhance plant and animal diversity. Primitive, semiprimitive nonmotorized, semiprimitive motorized, roaded natural and rural recreation opportunities can be provided.

Only those 94 management acres which are practical to portray on this map are shown. This prescription actually applies to all riparian areas located anywhere on the Grasslands, except those in Research Natural Areas and Special Interest Areas.

10A MANAGEMENT AREA 10A - Provides for the management of existing and potential Research Natural Areas.

10B MANAGEMENT AREA 10B - Provides for the management of the Southeast Colorado Research Center.

10C MANAGEMENT AREA 10C - Provides for the management of Special Interest Areas such as habitat for the lesser prairie chicken.

The management requirements for individual management areas are described in Chapter III of the Forest Plan.

THE MANAGEMENT AREAS IDENTIFIED ON THIS MAP AND THE MANAGEMENT DIRECTION DEFINED IN THE FOREST PLAN APPLY TO NATIONAL FOREST SYSTEM LANDS ONLY. THEY DO NOT APPLY TO ANY LANDS IN STATE, PRIVATE, OR OTHER OWNERSHIP.
