Dear Friends of the Rio Grande:

The Rio Grande National Forest recently published our first Motor Vehicle Use Maps for each Ranger District. These maps show all routes that are available for motorized use on the Forest. These maps are free and are available electronically at [www.fs.fed.us/r2/riogrande](http://www.fs.fed.us/r2/riogrande) or can be picked up at our offices in Saguache, Del Norte, La Jara, Monte Vista, and Creede.

These maps are based on previous travel management decisions and will be published annually. We would like the public to review and use these maps and let us know of any errors so we can correct them. We would also like your input on any suggested changes to the existing motorized roads and trails system so we can evaluate those proposed changes in a future travel management analysis. Your input would be most useful if received by July 1, 2009. Please send your comments to:
