**Difficulty:** Moderate  
**Use:** Heavy  
**Beginning Elev.:** 7,900 feet  
**Ending Elev.:** 10,700 feet

## TRAIL ETIQUETTE

Before you go out check into available routes, their condition, ownership of the land, posted areas, regulation that apply and the following rules:

- **Respect Private Property!** Ask permission before entering.
- **Be considerate** of other winter backcountry travelers. Remember we're all out to enjoy the outdoors.
- Trash and snow don't mix. **PACK IT IN- PACK IT OUT!** Even fruit peels.
- **Avoid disturbing wild animals** by staying out of elk and deer wintering areas. Detour if you spot wildlife.
- **Take care not to damage fences and/or gates.** When using gates, please close them behind you.
- Some **National Forest areas**, including Wilderness and Primitive areas, **are closed to motorized recreation vehicles.** If in doubt, inquire at a local Forest Service office. Obey all signs!
- **BEWARE OF AVALANCHES!** Avalanches may occur at any time during the winter. Avoid mountainous terrain after heavy snowfalls or prolonged periods of high winds. Stay on the windblown side of ridges. Avoid crossing steep side hills and entering narrow, steep canyons.
- Remember to **notify a responsible person** of your travel plans.
