To: Gene Terland, Acting State Director
From: William Stringer
Subject: Fire Program Analysis – Preparedness Module Approval

This memorandum documents my approval of the 2006 Fire Program Analysis (FPA) – Preparedness Module (PM) for the Uintah Basin Fire Planning Unit (FPU).

The Bureau of Land Management - Vernal Field Office was involved and fairly represented in the FPA process. The FPA-PM for this FPU has been certified by a technical review team. The outputs submitted in the FPA-PM are those generated by the model. The Budget Development and Delivery application has been completed and identifies fire preparedness program line items that were not funded in the FPA-Preparedness Module.
