Subject: Fire Program Analysis - Preparedness Module Approval

To: Regional Forester

This memorandum documents my approval of the 2008 Fire Program Analysis (FPA) – Preparedness Module for the Uintah Basin Fire Planning Unit (FPU).

The Ashley National Forest was involved and fairly represented in the FPA process. The FPA-Preparedness Module for this FPU has been certified by a technical review team on February 7, 2006. The outputs submitted in the FPA-PM Preparedness Module are those generated by the model. The Budget Development and Delivery (BDD) application has been completed and identifies fire preparedness program line items that were not funded in the FPA-Preparedness Module.
