

# We Want To Hear From You

Use this sheet to tell us about the **specific** issues, concerns, risks, and opportunities that you feel are important for the Ruby Mountain/Jarbidge and Mountain City Ranger Districts Travel Planning effort. Please be as specific as possible with your comments. **Include the route number, route name, and/or area where possible.** Print your name and mailing address (or e-mail) below so we can keep you informed.

**For each road, trail, route or area that you would recommend for addition or deletion to the designated system of open motorized use, please provide the following information:**

Forest System Road or Trail #: \_\_\_\_\_

or

User-Created Route Description: (Please give geographical name ie: Deer Creek, and describe beginning and end points.)

---

---

Why should there be a change in the existing Travel Management Plan?

---

---

---

What type of vehicle(s) should be allowed on the route? (highway legal, ATV, motorcycles)

---

What is the condition of the road/trail/route that is being proposed for addition or deletion? Would you expect any environmental concerns over this addition or deletion? (please describe)

---

---

---

What user conflicts might occur if your proposal is adopted? (Will someone else's experience be harmed by this addition or deletion?)
