

Tom
Steven Thomas Stefani
Big Daddy

He was an inspiration to all
He loved everything he did, everyone he met.
And my best friend

His quirky little smile
Always meant maybe he didn't like what you wanted him to do
But he'd do it anyway.

If he started it he'd complete it.

His life started as a smiley little kid
That loved trucks, loved animals and
Loved his mother very dearly

He grew up with the outdoors. Animals and friends

He turned into a young man
With the highest morals and regard for every living thing

Very proud moments for me in Tom's life were
His birth, his demeanor, his eagle scout his love of life.

There are people that live to 70 yrs old
That will never complete as much as Tom did in the 28 years

His life's work, which was caring for all, must live on

Afghanistan was a very short time of his life
But a very big part of his legacy

He will be truly missed,
Always loved by his family and the world

Thank you Tom
For being part of our lives.
God Bless You

Big Daddy
