

Lee Creek Allotment 2007

6/25/2007, Sheldon checked the allotment to see if cattle were in the Walters unit.

7/3/2007, Sheldon checked the allotment today.

7/13/2007, Sheldon checked the Walters unit to see where the cows were. Some were in the Lee Creek unit. *S. Jones.*

7/13/2007, Ed Peterson called to see if they could move from Walters to Lee Creek unit instead of going to Everson unit, Ed said they would move on Sunday 7/15/2007. I checked the schedule and they are supposed to rest Lee Creek unit this season. I called Ed on 7/14/2007, and talked with Mrs. Peterson and relayed the information about resting Lee Creek; she didn't think they received an AOI this year. After checking I believe Whittaker is the only one who had a Lee Creek AOI. I apologized and will send the AOI out on 7/16/2007. *J. Robson.*

7/16/2007, Sheldon checked the Everson unit to see if cattle have been move into it as planned. Cattle are in the Everson unit. *S. Jones.*
