USDA FOREST SERVICE UINTA NATIONAL FOREST SPANISH FORK RANGER DISTRICT

Proposed Dip Vat Creek Fish Barrier Project

The Spanish Fork District of the Uinta National Forest, in coordination with Utah Division of Wildlife, is proposing to install a fish barrier at the confluence of Dip Vat Creek and Sixth Water in the Diamond Fork drainage. The fish barrier would be located in Township 7 South, Range 6 East, section 32. The fish barrier would keep brown trout out of the upper reach of Sixth Water Creek so that they are no longer competing with Bonneville Cutthroat Trout. The proposed fish barrier would be constructed using pressure treated wood and would be approximately 10 feet wide and 5 feet high.

This legal notice provides an opportunity to comment on the proposed action. Please send comments to the Responsible Official: William Ott, District Ranger, 44 West 400 North, Spanish Fork, UT 84660. Comments may be faxed to (801)798-3050 or hand delivered during normal business hours from 8:00 am to 5:00 pm, Monday through Friday. Comments may also be submitted to the following e-mail address: comments-intermtn-uinta-spanishfork@fs.fed.us. Comments should be postmarked or received within 30 days beginning the day following publication of this notice in the Provo Daily Herald.

Comments received in response to this solicitation, including names and addresses of those who comment, will be considered part of the public record for this project and will be available for public inspection and will be released if requested under the Freedom of Information Act.

For additional information contact Ron Smith, Uinta National Forest Supervisor's Office, (801)342-5100.
